A Word From Permatex

Since 1909, quality Permatex® products have been used in workshops, garages, and at racetracks around the world. Permatex continues to thrive and expand with exciting new and innovative products.

Behind these products is the understanding that your needs are our primary concern. Our resources and people are organized to satisfy those needs. It is a market-driven concern for you and your customers that makes Permatex® a leading edge manufacturer and supplier of innovative products that meet your customers' needs.

Innovation through research and development is a Permatex hallmark. We are continually enhancing our capabilities to provide you with a constant flow of new and improved products that will keep your customers coming back.

Visit us at www.permatex.com

Permatex.com features an online product catalog, news, store locator, technical information, product selection guides and training videos for technicians seeking materials and guidelines for their automotive projects. The site provides information about Permatex® brands, such as Fast Orange®, No Touch® and Spray Nine®. Products are searchable by category, keyword, and item number. Visitors can retrieve Material Safety Data Sheets (MSDSs) and Technical Data Sheets (TDSs), available as rapid downloads. The Motorsports section features the Follow-A-Dream NHRA Race Team with the latest updates. A Vintage Gallery features product and other memorabilia dating back to Permatex's early years.

Note: Refer to page 86 for Important Numbers to Remember and page 85 for Product Description Code Explanation.

Our History *Since 1909...*

In the beginning...the first Permatex product was a shellac designed to bond bicycle tires to their rims.

Constant A. Benoit Sr., founder of the Permatex Company, enjoyed going to car races in his spare time.

In 1915, Mr. Benoit attended a 24-hour endurance race at the Sheepshead Bay track near his Brooklyn, New York laboratory. He observed that many of the cars were forced to make frequent pit stops to replace blown cylinder head gaskets.

The mechanic for driver Ralph DePalma's car sought Mr. Benoit's help after DePalma's car blew its head gasket for the fourth time. Mr. Benoit applied some of his experimental gasket cement and the DePalma car drove the rest of the 24-hour race without any further gasket problems. On that day, Permatex entered the automotive maintenance chemicals business. The Permatex Company became one of the early leaders in using professional auto racing to prove product performance and to promote sales.

In 1936, American stock-car driver and mechanic Bill France, Sr., assembled a

racing engine using only Permatex® Form-A-Gasket® products. Later, Driver Milt Marion won the first race at the Daytona Beach Road Course with the Form-A-Gasket® Test Car # 23. In 1966, the Permatex 300 became only the second race on the NASCAR schedule to be named for a corporate sponsor. The Permatex 300 NASCAR race at the Daytona International

Speedway became one of America's premier racing events. In the mid 1970's, NASCAR superstar Bobby Allison built a late model Chevrolet sportsman engine entirely with Permatex brand threadlockers. The car, built without a single cut gasket or lock washer, ran 300 miles at Alabama International Motor Speedway (Talladega).

Constant Benoit died in 1950 and his son Pete took over the Permatex Company. Pete shifted the company's manufacturing plant from Brooklyn, New York to Kansas City in 1954 - to take advantage of a more central shipping location.

Later, preferring Florida's sunny climate, Pete moved the company headquarters to West Palm Beach in 1962. Soon the Permatex Company built a 12,000 square foot corporate and international sales office in West Palm Beach.

The Permatex product line was expanded and the company continued to prosper. In 1972, the Permatex Company was sold to Loctite Corporation. The business was moved to Cleveland, Ohio and integrated with the Woodhill Chemical Company.

In the late 1970's, Woodhill Permatex launched Permatex® Blue Silicone which went on to become the largest selling blister carded chemical item in the American auto parts business.

In August 1980, the Woodhill Permatex division moved to a brand new 175,000 square foot facility with over 100 employees.

In February 1990, DL Banite, Inc., America's oldest manufacturer of waterless hand cleaners became a part of the Permatex line. Later that year, Permatex launched Fast Orange® citrus hand cleaners, a staple of the Permatex product line and a standard of the emerging citrus hand cleaner industry.

Permatex was purchased by a group of private investors in 1999. As a private company in 2000, Permatex introduced an unprecedented fifty new products, acquired the No Touch®

NO TOUCH

tire care line, bought the Loctite Mexican Hardware Business, and

purchased the NOS® (Nitrous Oxide Systems) fuel additive and treatment product line.

In January of 2001 Permatex finalized the acquisition of the Permatex International Business from Loctite. In 2002, Permatex re-entered the industrial market with a broad range of products including its proprietary waterless hand cleaners; silicone-based sealant and gasketing materials, anaerobic adhesives, epoxies, lubricants and other specialty chemicals.

In December of 2005, Permatex was acquired by ITW (Illinois Tool Works Inc.), a NYSE listed U.S. based corporation. ITW was founded in 1912 and is a Fortune 200 diversified manufacturing company with more than a 90 year history. ITW's decentralized business units in 49 countries employ 50,000 people focused on creating value-added products and innovative customer solutions. In addition,

Permatex announced a partnership with Jay Blake and the Follow A Dream® NHRA Racing Team.

In 2008, Permatex acquired the South American adhesives and sealants manufacturer, Anaerobicos S.A. and New York-based specialty cleaning products manufacturer, Spray Nine Corporation.

As a part of ITW's Performance Polymers & Fluids Group, Permatex continues its commitment to be an innovator and leader in adhesives, sealants and automotive aftermarket maintenance products.

Permatex currently operates in the United States, Canada, Mexico, and the U.K. and exports products to more than 85 countries around the world.

In 2009, Permatex celebrated its 100 year anniversary... and another century of quality and innovation.

100th Anniversary...a century of innovation and leadership in chemical tools.

2009 marked Permatex's 100th year in business. Since 1909, Permatex has been the preferred choice in chemical tools for motorsports teams,

professional automotive technicians, performance buffs, and general automotive do-it-yourselfers. The company offers a wide range of adhesives, sealants, gasket makers, hand cleaners, lubricants, appearance products, specialty repair kits, and additives.

Permatex now has over 350 products making over 1000 SKUs, providing market-specific formulations and application methods for a variety of industries, including automotive, marine, motorcycle, heavy duty, and off highway. The company is constantly working with automakers, parts suppliers, service parts groups, and other aftermarket companies to develop the next generation of service technology.

In addition to product development, Permatex is also focused on developing even more effective support programs for its product lines and distribution partners with new packaging, bi-lingual clinics and online training for professional and student technicians, product demo videos, category management, expanded website activities, and motorsports sponsorships.

At Permatex, we continue to deliver products that make caring for cars easier and repairs more reliable. From our performance proven "chemical tools" and shop supplies that simplify maintenance and repair to our innovative appearance and additive products that work better and last longer, Permatex delivers best-in-the-business performance and value. As we continue into another century of quality and innovation, we'd

like to thank all of our customers for making Permatex the brand they trust to get the job done right.

Introduction *Permatex Defined*

- Customer-driven, cutting-edge products and leading brands...
- OEM specified...
- ISO 9001: 2008 certified...
- NSF Registered...
- Superior customer service...
- Technological and merchandising innovations...
- Award-winning package designs...
- A variety of promotional campaigns & national advertising support...

These are the elements that define Permatex's automotive product lines...the elements that give Permatex® products the competitive edge...the elements that make Permatex products sell.

Permatex Service

From its Hartford headquarters, Permatex directs a growing global automotive aftermarket enterprise serving North America, the Pacific Rim, South America, Europe, and Africa. Permatex manufacturing plants, distribution centers and offices are strategically located to help us achieve our growth goals and effectively service our customers. Many Permatex® products are packaged in our state-of-the-art Manufacturing, Distribution and Technical Center located in Solon, Ohio.

Above: Permatex Manufacturing, Distribution and Technical Center, Solon, Ohio

Far Left: Permatex Headquarters, Hartford, Connecticut

Left: Permatex Manufacturing, Kansas City, Kansas

Permatex is committed to conducting its business in a manner which protects the environment and the health and safety of employees, customers and the public. Some related services are:

- Material Safety Data Sheets (MSDS): exceed regulatory requirements and are continuously updated.
- Training: educational support for the safe handling, use, shipping, and disposal of chemicals.
- Response Line: professional responses to queries regarding health, safety, regulations and transport. Off-hours tie-in to Poison Control Centers is also provided.

Permatex Free Training Clinics

Permatex® has organized a dedicated team of trainers who are committed to educating customers and end-users. This unmatched commitment provides free product training clinics that are attended by thousands of automotive technicians, installers, and vocational-technical students each year. These clinics teach people in the automotive repair industry how Permatex® products can help them save time, reduce costs, and increase repair reliability. They learn the proper use of products, repair procedures, and best practices, and receive informative reference materials and free samples. Since 1999, Permatex Sales Representatives have successfully trained more than 100,000 technicians!

Permatex has expanded its training program to now include a focus on student technicians studying at the 1,500+ accredited National Automotive Technicians Education Foundation (NATEF) schools. As part of this effort, we offer a 60 minute in-classroom introductory session on the proper use of Permatex silicones, threadlockers, and thread sealants by knowledgeable and highly trained full-time Technician Advisors. This is not a sales presentation, but rather a live, hands-on training with demonstrations and specific product applications.

After the presentation, a variety of application size products, charts, and handouts are given to the students. There is also an instructor's kit with additional products, a lesson plan, and a DVD for the classes' future reference. These are gifts for the instructor and the students as our way of saying "thank you" for their time and attention. Note this program also provides credit toward the instructor's continuing automotive service education requirements.

Time being a very limited resource, and travel a major expense, we request combining similar classes to minimize costs, and maximizing our efforts. Our experience has identified the best class size to be 30-50 students. We at Permatex understand the value of training. While most manufacturers have eliminated no-charge training programs, our company is expanding the effort to train the future ASE certified technicians of tomorrow and to assure the flow of future professional automotive service technicians having been exposed and trained in the proper use of Permatex silicones, threadlockers, and thread sealants.

Introduction

Gasketing *Introduction*

Gasket Makers

Changing engine designs have meant new and different gasketing requirements. Extended warranties, engine sensors and new component materials such as aluminum, bi-metal alloys and high-tech plastics, have created the need for superior RTV silicone gasket makers in both OEM production and service applications.

Permatex® gasket makers offer significant performance advantages, even in today's complex vehicles. These include outstanding oil resistance, excellent torque retention and hi-temp, sensor-safe properties. Permatex always has the right gasket maker for your application.

Gasket Sealants

As new engine designs require more advanced gasket makers, today's under hood requirements create a need for superior sealant technologies. When a chemical gasket is not an option, Permatex offers a wide range of gasket sealants suitable for applications on both import and domestic vehicles of any model year or performance caliber.

Gasket Makers — the Right Stuff® 1 Minute Gasket™

Got a Minute?

Make Instant Gaskets to Fit Any Application...

Put vehicles back into service in just one minute with the Right Stuff® 1 Minute Gasket™!

OEM specified. These long-lasting, elastomeric formed-in-place rubber gasket makers are more reliable and longer lasting than cut gaskets, and at a fraction of the cost. They fit many different applications quickly and easily by allowing you to custom fit gaskets to any shape or size.

- Leak & seepage resistant – protects against leaks caused by vibration & thermal expansion.
- Superior to most OE gaskets and fleet-tested to be leak-free in more than 5 million miles of heavy commercial use.

Now packaged in handy-sized Power Cans, each contains enough material to completely replace two or three large cut gaskets!

MAKES RELIABLE GASKETS

Permatex® the Right Stuff® 1 Minute Gasket™

The self-merchandising proprietary clamshell can stand on its own, be hung or binned.

Item # 25238

Gasket Makers — the Right Stuff®

Permatex® the Right Stuff® Gasket Maker

Return equipment to service immediately and make leak-proof gaskets in just one minute. This latest elastomeric rubber gasket technology is blowout resistant and outperforms pre-cut gaskets. Specified on production lines by GM, Ford, Chrysler and Mercedes-Benz. Temperature range -75°F to 450°F (-59°C to 232°C) continuous, 500°F (260°C) intermittent; resists ATF, coolant, oil and other shop fluids. Protects against leaks caused by vibration and thermal expansion. Sensor-safe.

Suggested Applications: Automotive and marine gaskets, valve covers, gearbox covers, pumps, compressors, oil pans, thermostat housings, water pumps

Permatex® the Right Stuff® GREY Gasket Maker

Specifically designed to perform under higher torque loads associated with engines having closely spaced bolt patterns (typically import vehicles). This product is blowout resistant, allowing leakproof gaskets to be made and put into service in just one minute. Sensor-safe, the Right Stuff® GREY seals instantly, forming a reliable, long lasting elastomeric rubber gasket that outperforms pre-cut gaskets. OEM specified by Honda, Nissan and Mazda. This product is resistant to powertrain fluids (oil, coolant, and ATF) and operates in environments to 450°F (232°C) continuous; 500°F (260°C) intermittent.

Suggested Applications: Automotive gaskets, valve covers, oil pans, transmission pans, thermostat housings, water pumps, etc.

Gasketing

Gasketing *Ultra Series Gasket Makers*

Groundbreaking research and testing by Permatex helped to develop the Ultra Series — the second generation of automotive silicone technology designed to meet or exceed OEM specifications while offering superior oil resistance and improved adhesion.

Permatex® Ultra Black® Maximum Oil Resistance RTV Silicone Gasket Maker

OEM specified. For dealership warranty requirements, Ultra Black® ensures extended drivetrain warranty compliance. Fast-curing formula. Sensor-safe, low odor, noncorrosive. Meets performance specs of OE silicone gaskets. Retains high flexibility, oil resistant properties through use of a patented adhesion system. Temperature range -65°F to 500°F (-54°C to 260°C) intermittent; resists auto and shop fluids and vibration.

Suggested Applications: Valve covers, oil pans, intake manifold end seals, timing covers, differential covers

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack

Permatex® Ultra Copper® Maximum Temperature RTV Silicone Gasket Maker

OEM specified. For high operating temperatures common in 4-cylinder, turbocharged or high-performance engines. The most advanced, high temp RTV silicone gasket available. Sensor-safe, low odor, noncorrosive. Superior adhesion. Three times more oil resistant than conventional silicones; eight times more flexible than cut gaskets. Temperature range -65°F to 700°F (-54°C to 371°C) intermittent; resists auto and shop fluids and vibration.

Suggested Applications: Exhaust manifolds/headers, valve covers, oil pans, timing covers, water pumps, thermostat housings

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack	Old P/N
81878	3 oz. tube, carded	12	101BR

Permatex® Ultra Grey® Rigid High-Torque RTV Silicone Gasket Maker

OEM specified. Designed specially for high-torque and high vibration applications, like those common in import engines, this premium RTV gasket maker exceeds manufacturers' performance requirements. Sensor-safe, low odor, and noncorrosive. Maximum vibration resistance, with outstanding resistance to oils, cooling and shop fluids. Guaranteed not to leak. Temperature range -65°F to 500°F (-54°C to 260°C) intermittent.

Suggested Applications: Valve covers, oil pans, transmission pans, intake manifold end seals, timing covers, water pumps, thermostat housings

OEM INTERCHANGE, see pgs. 84-89

Permatex® Ultra Blue® Multi-Purpose RTV Silicone Gasket Maker

OEM specified. Permatex® Ultra silicones were developed to meet today's technology changes. Sensor-safe, low odor, noncorrosive. Outstanding oil resistance and joint movement tolerance. Eight times more flexible than cork/composite gaskets; three times more oil resistant than conventional silicones. Temperature range -65°F to 500°F (-54°C to 260°C) intermittent; resists auto and shop fluids and vibration.

Suggested Applications: Valve covers, oil pans, timing covers, differential covers

Gasket Makers

Permatex® Sensor-Safe Blue RTV Silicone Gasket Maker

The original Permatex Blue now with low odor formula. Will not foul oxygen sensors. Replaces almost any cut gasket. Makes reliable “formed-in-place” gaskets that resist cracking, shrinking and migrating. Coats pre-cut gaskets to increase reliability. Temperature range -65°F to 500°F (-54°C to 260°C) intermittent; resists auto and shop fluids.

Suggested Applications: Valve covers, oil pans, timing covers, water pumps, thermostat housings

OEM INTERCHANGE, see pgs. 84-89

81860	7.25 oz. Power Can	6	6MA
85860	7.25 oz. PowerBead™ can	6	—

Permatex® High-Temp Red RTV Silicone Gasket Maker

OEM specified. Formulated for hi-temp applications, or heavy-duty use (such as towing, etc.). Replaces almost any cut gasket by making reliable “formed-in-place” gaskets that resist cracking, shrinking and migrating caused by thermal cycling. Coats pre-cut gaskets to increase reliability. Temperature range -65°F to 650°F (-54°C to 343°C) intermittent; resists auto and shop fluids.

Suggested Applications: Valve covers, oil pans, timing covers, water pumps, thermostat housings

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack	Old P/N
81160	3 oz. tube, carded	12	26BR
81409	11 oz. cartridge	12	26C
81915	7.25 oz. Power Can	12	—
85915	7.25 oz. PowerBead™ can	6	—

Permatex® Sensor-Safe High-Temp RTV Silicone Gasket Maker

The high temp first generation gasket maker formulated for oxygen sensor equipped engines. Temperature range of -65°F to 650°F (-54°C to 343°C) intermittent; resists auto and shop fluids.

Suggested Applications: Valve covers, oil pans, timing covers, water pumps, thermostat housings

Item #	Container Size	Pack	Old P/N
81422	3 oz. tube, carded	12	27BR

Permatex® Water Pump & Thermostat RTV Silicone Gasket

A noncorrosive, sensor-safe RTV silicone gasket material formulated specifically for water pumps and thermostat housings. Highest water-glycol resistance available in an RTV silicone.

Suggested Applications: Water pump and thermostat housings

Item #	Container Size	Pack
22071	.5 oz. tube, carded	6

NEW! Permatex® Automatic Transmission RTV Gasket Maker

OEM specified. Developed with U.S. automotive OEMs and complies with extended warranty requirements. It resists aging, weathering and thermal cycling without hardening, shrinking or cracking. Benefits include improved transmission oil resistance, good adhesion while retaining flexibility, sensor-safe, noncorrosive and can be used as a gasket maker or dressing. Compatible with both conventional and synthetic automatic transmission fluids. Nonflammable, nontoxic, low odor.

Suggested Applications: Automatic transmission pans, case halves, inside covers

P/N	Container Size	Pack
81180	3 oz. tube, carded	12

NEW! Permatex® Gear Oil RTV Gasket Maker

OEM specified. Specially formulated to withstand the harsh gear oil environment found in differentials and transfer cases. Because gear oil has friction modifiers that break down normal RTV and cause leaking, this specialty silicone has been tested to OEM specifications to ensure complete sealing. As a gasket maker, it seeks and seals leak paths that cut gaskets cannot. It can also be used to seal cut gaskets. Compatible with both conventional and synthetic gear oils.

Suggested Applications: Differentials and transfer cases

P/N	Container Size	Pack
81182	3 oz. tube, carded	12

Gasketing

Gasketing *The Ultimate Dispensing System...*

POWERBead™

Gasket Makers & Sealants Made Easier

Our patented PowerBead™ Dispenser gives you enduring reliability with the ultimate in pinpoint control, outstanding product performance and ease of use.

- Makes application quick and easy
- Extended, rigid nozzle gives pinpoint control
- Vertically-actuated valve design allows all material to be dispensed (NO WASTE!) and eliminates clogging
- Product flow can be regulated easily, without finger fatigue
- Permatex branded comfort-grip

The PowerBead™ Advantage

Our patented valve opens all internal orifices, unlike standard tilt valves, which only open a few. Your benefit...virtually no clogging and smoother product flow with better control.

Call 1.877.376.2839

Anaerobic Gasket Makers & Flange Sealants

Permatex® Anaerobic Gasket Maker

OEM specified. Noncorrosive gasketing material designed primarily for use on aluminum, iron, and steel flanged mating surfaces. Ideal for on-the-spot and emergency repairs, or when a conventional gasket is unavailable. Fills gaps up to .015" and cures to a solvent-resistant seal that will not tear or decay during service. Parts disassemble easily even after extended service. Old gasket material can be removed in minutes with a simple putty knife.

Suggested Applications: Water pumps, thermostat housings, transmission pans,

transmission case covers, transaxle casings, o-ring replacement

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack

51580	300 ml cartridge	10

Permatex® High Temperature Anaerobic Flange Sealant

A high temperature sealant specially engineered for making or dressing gaskets in rigid assemblies. Able to withstand temperatures to 400°F (204°C), fills gaps up to 0.020" (primed) and permits clamping loads to be maintained for strong, leakproof assemblies.

Suggested Applications: Water pumps, thermostat housings, engine cases, timing covers, transmission pans, transmission case covers, transaxle casings, o-ring replacement

Item #	Container Size	Pack
51031	50 ml tube	10

Gasketing

Convenient Half Ounce Size Gasket Makers

Permatex® offers the right amount of product to handle small jobs...

When maintenance and repair jobs call for only a small amount of product to do the job right, Permatex offers the right amount for the job with select gasket makers and lubricants in convenient half ounce packages. Ideally suited for those small jobs where a larger size may be wasteful, they are convenient to handle, easily portable and can be stored almost anywhere.

Gasket Removers

Permatex® Gasket Remover - Low VOC Formula

This low VOC formulation combines powerful gasket remover strength with an innovative delivery system. Its fast-foaming action penetrates the most stubborn or baked-on gaskets in 15-20 minutes. The built-in brush-tip was designed for easy application and allows for scrubbing on intricate surfaces. *This product is NOT recommended for use on silicone gaskets.* Level 2 ▲

Suggested Applications: Removes solvent-based gasketing, anaerobic gasketing and gasket sealant products including all Permatex®

Form-A-Gasket®, Spray-A-Gasket®, Indian Head®, High Tack™ Gasket Sealants and Dressings, baked-on gaskets and cements, and formed-in-place gaskets

P/N	Container Size	Pack
80645 *	4 oz. Power Can with brush-tip nozzle, stand-up carded	6

* Can be used in all 50 states.

NEW! Permatex® SaferScraper™ Plastic Scraper

A safer alternative to metal razor blades... this specially designed hard plastic double-edged razor blade can be used for a variety of cleaning and scraping applications. Ideal for removing decals, bugs, tar and paint without scratching or harming the body paint underneath. Also great for removing gaskets from a plastic or aluminum flange. The durable plastic holder is designed to fit well in the hand for extra flexibility and fits standard metal razor blades if the job requires it.

Suggested Applications: Removes solvent-based sealants, baked-on gaskets, weatherstrip adhesive, dried oil, grease and paint

P/N	Container Size	Pack
80190	scraper & 2 refillable blades, carded	12

Specialty Gasket Maker – Use on Motorcycles, Watercraft & Snowmobiles

FUEL RESISTANT

MotoSeal® 1 Ultimate Gasket Maker Grey
Ultimate Gasket Maker for All Two-Cycle & Four-Cycle Engines

For two and four cycle engines. Solvent-based bond fully seals within 20 minutes. Forms a tough flexible bond that is highly effective on irregular and uneven joint surfaces. Resists gasoline and other damaging fluids. Withstands temperatures 350°F (177°C) continuous, 400°F (204°C) intermittent.

Suggested Applications: Transmission case halves, valve covers, center and end covers (transmissions), crank case halves, cam covers, exhaust manifold seals, timing chain cases, side covers, clutch housings

Item #	Container Size	Pack
29132	2.7 oz. tube, carded	6

Gasket Sealants — Hylomar® Universal Blue

Permatex® Hylomar® Universal Blue Racing Formula Gasket Dressing & Flange Sealant

Adopted worldwide by many automotive manufacturers and countless race teams for sealing gas and diesel engines and transmissions.

This non-chlorinated gasketing and sealing compound has been specially formulated to be non-setting and non-hardening at elevated temperatures. It withstands rapid changes in temperature and remains flexible and tacky even at high temperatures, allowing repeated disassembly and reassembly in high performance applications. This no-run formula seals surface imperfections on machined flanges and is vibration resistant. Temperature range of -60°F to +500°F (-50°C to +260°C); resists engine fluids, including water, coolant, gasoline, lubricating oils, kerosene and some refrigerants. Also possesses dust and moisture proofing properties.

Suggested Applications: Thermostat housings, differential coverings, hydraulic drives and motors, gearbox assemblies, intake manifold assemblies, oil, fuel and water pump housings and seals, fuel injectors and fuel pumps, transmission and torque converter seals

P/N	Container Size	Pack
85249	1.2 fl. oz. tube, carded	12

Gasketing

Gasketing *Gasket Sealants*

Permatex® Form-A-Gasket® No. 1 Sealant

Fast-drying, hard-setting sealant designed for sealing rigid materials and flanges, or patching holes and joints where permanent assembly is desired. Temperature range -65°F to 400°F (-54°C to 204°C); resists common shop fluids and fuels.

Suggested Applications: Freeze plugs, threaded connections, manifold gaskets

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack	Old P/N
80007	1.5 oz. tube, carded	12	1AR
80008	3 oz. tube, carded	12	1BR
80003	11 oz. tube, boxed	12	1C

Permatex® Form-A-Gasket® No. 2 Sealant

Slow-drying, non-hardening sealant designed for sealing cut gaskets and stamped parts. Allows for easy disassembly if required. Temperature range -65°F to 400°F (-54°C to 204°C); resists common shop fluids and fuels. Use where sealing is more important than adhesion.

Suggested Applications: Valve cover gaskets, oil pan gaskets

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack	Old P/N
80015	1.5 oz. tube, carded	12	2AR
80016	3 oz. tube, carded	12	2BR
80011	11 oz. tube, boxed	12	2C

Permatex® Aviation Form-A-Gasket® No. 3 Sealant Liquid

Slow-drying, non-hardening brush-top sealant approved for use in aviation as well as automotive applications. Temperature range -65°F to 400°F (-54°C to 204°C); resists gasoline, oil and grease.

Suggested Applications: Close-fitting machined surfaces, sealing hoses, solid gaskets

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack	Old P/N
80017	16 oz. bottle	12	3D
80019	4 oz. bottle	12	3H
80018	2 oz. bottle	12	3J

Permatex® Super "300"® Form-A-Gasket® Sealant

Non-hardening sealant designed to resist heat transfer fluids such as oil or antifreeze. Temperature range -65°F to 400°F (-54°C to 204°C); resists antifreeze, aviation fuels, aggressive detergent bearing oils and lubricants.

Suggested Applications: Valve cover gaskets, compressors, diesel engine heads

Item #	Container Size	Pack	Old P/N
80057	4 oz. bottle	12	83H

The Original Permatex® Indian Head® Gasket Shellac Compound

The original quality formula, a hard setting, economical sealant. Seals all common gasketing materials in low temperature and low pressure applications. Temperature range -65°F to 350°F (-54°C to 177°C); resists diesel fuels and most shop fluids.

Suggested Applications: Hose connections, paper and cardboard gaskets

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack	Old P/N
20539	2 oz. bottle	12	5J-1

Permatex® Copper Spray-A-Gasket® Hi-Temp Sealant

Fast-drying, metallic copper sealant helps dissipate heat, prevents gasket burnout and improves heat transfer. Fills minor surface irregularities. Seals instantly. Fills hot spots and surface imperfections. Temperature range -50°F to 500°F (-45°C to 260°C); resists all types of automotive fluids, especially gasoline. Level 3 ▲

Suggested Applications: Cylinder head gaskets, carburetor gaskets, exhaust manifold gaskets and other high temperature applications

Item #	Container Size	Pack	Old P/N
80697	12 oz. aerosol can, 9 oz. net. wt.	12	101MA

Gasket Sealants

Permatex® Ultra Rubber Gasket Sealant & Dressing

Formulated specially for rubber gaskets, it conditions gaskets for longer life and seals potential leak paths. It also functions to hold gaskets in place during installation. The non-hardening, soft-setting formula makes gasket repositioning quick and easy. Provides outstanding oil and fluid resistance. Temperature range -65°F to 400°F (-54°C to 204°C).

Suggested Applications: Designed for use on all cut and formed rubber gaskets,

but also great to condition and extend the life of composite, paper and cork gaskets.

Item #	Container Size	Pack
85409	1 oz. tube, carded	6

Permatex® Tack & Seal™ Gasket Sealant

Non-hardening for easy disassembly. Keeps large gaskets in place during positioning and assembly. "Clean hands" formula won't stain. Temperature range -65°F to 400°F (-54°C to 204°C); resists engine fluids including diesel fuels and synthetic oils.

Suggested Applications: Seals air conditioning, fuel fittings, radiator hoses, PVC fittings and cork, paper, cardboard, felt and metal gaskets

Item #	Container Size	Pack	Old P/N
80938	1.25 oz. tube, carded	12	9AR

Permatex® High Tack™ Gasket Sealant and High Tack™ Spray-A-Gasket® Sealant

Fast-drying all-purpose sealant dries to a highly tacky, non-brittle film. A reliable general adhesive remains tacky indefinitely – can be applied in advance for convenience in assembly. Remains effective at temperatures of -65°F to 500°F (-54°C to 260°C). Sensor-safe. Resists gasoline, oil, antifreeze, axle lube, kerosene, propane and butane. Aerosol Level 3 ▲

Suggested Applications: Bonds and seals any type of cut gasket including: rubber, cork, felt, paper, metal. Use for valve cover, fuel pump, carburetor, manifold gaskets; Spray-A-Gasket® seals all felt, cork, metal, paper, and rubber

Item #	Container Size	Pack	Old P/N
80062	4 oz. brush-top can	12	98H
80063	16 oz. brush-top can	12	98D
80064	6 oz. aerosol can, 4 oz. net wt.	12	99GA
80065	12 oz. aerosol can, 9 oz. net wt.	12	99MA

Permatex® Super High Tack™ Gasket Sealant

Fast-drying sealant works like a contact adhesive. Temperature range -65°F to 500°F (-54°C to 260°C); resists gasoline, oil, antifreeze, axle lube.

Suggested Applications: Seals rubber, cork, paper and composite gaskets and hose connections

Item #	Container Size	Pack	Old P/N
80060	1.75 oz. tube, carded	12	97BR

Gasketing

Threadlockers *Introduction*

Permatex® Threadlocker adhesives are widely accepted in a broad range of applications, from delicate fuel injection components to heavy duty transmission and engine assemblies. Specified by automotive OEM's and approved for use on factory assembly lines, Threadlockers apply as liquids or gels, filling the space between threaded metal parts, curing to form a tough, adhesive bond and seal.

Permatex® Threadlockers are superior to conventional lock washers, nylon inserts, and other mechanical devices because they secure the entire fastener assembly against loosening from shock and vibration, so fastener clamping forces are maintained. Threadlockers also seal the threads against leakage, preventing rust and corrosion. Available in a variety of strengths and temperature ratings, Permatex® Threadlockers are simply the most reliable way to lock and seal threaded fasteners of all shapes and sizes, either before or after assembly.

Product	Item No.	Color	Viscosity cP	Fasteners	Torque in lbs.* Break/Prevail	Fixture** (Full Cure)	Fixture/ with Primer	Temperature Range	Use/Common Applications
Permatex® Low Strength Threadlocker PURPLE	24024	Purple	1,200/5,000 Thixotropic	Up to 1/4" (6mm)	62/27	20 min. (24 hrs.)	5 min.	-65° to 300°F (-54° to 149°C)	Applied before assembly for throttle body assembly screws, choke assembly screws, mixture adjusting screws, idle control screws, relay lock screws, body panel mounting fasteners.
Permatex® Medium Strength Threadlocker BLUE	19960 24206 24200 24240 24283	Blue	1,200/6,000 Thixotropic	1/4" to 3/4" (6-20mm)	115/53	20 min. **True Innovation....
No drips. No globs.
No mess. No waste.**

NEW! Permatex® Multipack Threadlocker Assortment

Variety pack of popular threadlocker formulas in convenient 0.5 ml pipettes. Offers user the choice of low, medium or high strength product for various applications in a right size package. Re-usable pipettes are a great choice for professionals with small jobs or occasional users.

Suggested Applications: Oil pan bolts, shock absorber mounts, hub and shaft

assemblies, cup & core plugs, transmission shaft bolts, etc.

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
29520	1.5 ml (3-0.5 ml pipettes), carded	6

NEW! Permatex® Plastic Threadlocker

A threadlocker just for plastics! Plastic Threadlocker fills small gaps and sets fast so parts can be used quickly. Won't harm fasteners or other plastics and is low strength so that removal is easy. A needle tip bottle allows pinpoint product application and a pin in cap feature keeps unused product from clogging.

Suggested Applications: Headlight screws, console assemblies, soundproofing, attachment screws, electrical component boxes, plastic knobs, hose fasteners, dashboard accessories, etc.

Item #	Container Size	Pack
19920	10 g bottle, carded	6

Threadlockers

Threadlockers *Anaerobic Threadlockers*

Permatex® Low Strength Threadlocker PURPLE

OEM specified. Low strength threadlocker designed for fasteners under 1/4" (6mm) that require occasional adjustment. Removable with hand tools for easy disassembly. Noncorrosive. Conforms to ASTM D 5363 AN0311 (Mil-S-46163A, Type II, Grade M).

Suggested Applications: Carburetors, relay locks, headlamps, throttle body assembly, choke assembly and fuel injection set screws,

body panel mounting fasteners, fine threads

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
24024	6 ml tube, carded	6

Permatex® Medium Strength Threadlocker BLUE

OEM specified. All-purpose, medium strength threadlocker. Ideal for all nut and bolt applications 1/4" to 3/4" (6mm to 20mm). Eliminates need for stocking expensive lock nuts and lock washers. Locks and seals while preventing parts loosening due to vibration. Protects threads from corrosion. Removable with hand tools for easy disassembly. Conforms to ASTM D 5363 AN0321 (Mil-S-46163A, Type II, Grade N).

Suggested Applications: Valve cover bolts, water pump bolts, oil pan bolts, drive shaft bolts, rocker arm adjustment nuts, carburetor studs

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
19960	.5 ml pipette, polybagged	25
24206	2.5 ml bottle, carded	6
24200	6 ml tube, carded	12
24240	36 ml bottle, carded	6
24283	90 ml bottle	6
09978*	1 g pouch	480

* See also page 35.

Permatex® Surface Insensitive Threadlocker BLUE

OEM specified. Medium/high strength threadlocker for general-purpose applications. Especially well-suited for 1/4" to 3/4" (6mm to 20mm) fasteners that have a slight oil film. Prevents vibration loosening. Oil resistant. Removable with hand tools for easy disassembly.

Suggested Applications: Rocker studs, rocker adjustment bolts and bolts on valve and cam covers, oil pans, disc brake calipers,

intakes, alternators, and pulley assemblies

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
24027	6 ml tube, carded	6
24300	10 ml bottle, carded	6

Permatex® Permanent Strength Threadlocker RED

OEM specified. A permanent, high strength product that is applied to fasteners 3/8" to 1" (10mm to 25mm) in size before assembly. Designed for securing parts that must withstand heavy shock, vibration, or extreme chemical or environmental conditions. Localized heating and hand tools are required to separate parts. Conforms to ASTM D5363 AN0331 (Mil-S-46163A, Type II, Grade O).

Suggested Applications: Assembly with air tools, cylinder block bolts, ring gear bolts, transmission shaft bolts

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
19962	6 ml tube, carded	12

Permatex® Permanent Strength Threadlocker RED & Cup/Core Plug Sealant Retaining Compound

Dual Purpose. A permanent, high strength product that is applied to fasteners 3/8" to 1" (10mm to 25mm) in size before assembly. Designed for securing parts that must withstand heavy shock, vibration, or extreme chemical or environmental conditions. Also used for sealing and securing cylindrical metal assemblies. Localized heating and hand tools are required to separate parts. Conforms to ASTM D5363 AN0331 (Mil-S-46163A, Type II, Grade O).

Suggested Applications: Assembly with air tools, cylinder block bolts, ring gear bolts, transmission shaft bolts; engine block cup and core plugs, water pump seals, hub and shaft assemblies

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
26240	36 ml bottle, carded	6

Anaerobic Threadlockers

Permatex® High Strength Threadlocker RED

OEM specified. High strength threadlocker for heavy-duty applications 3/8 inch to 1 inch (10mm to 25mm). Especially well-suited for permanently locking studs and press fits. Adds 3,000 PSI holding power on slip and press fit assemblies. Replaces set screws and snap rings. Locks against vibration loosening. May require heat or special tools for removal. Conforms to ASTM D5363 AN0221 (Mil-S-46163A, Type I, Grade K).

Suggested Applications: Cylinder block and rocker arm studs, ring gear bolts,

frame bolts, shock absorber bolts

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
27100	6 ml tube, carded	12
27140	36 ml bottle, carded	6
27183	90 ml bottle	6
09979*	1 g pouch	480

* See also page 35.

Permatex® High Temperature Threadlocker RED

OEM specified. High temperature/high strength threadlocker for heavy-duty applications. Prevents bolts and press fits 3/8" to 1-1/2" (10mm to 38mm) from loosening due to shock, severe vibration and heat stress. Exclusive formulation for newer engines and high performance applications that require extreme temperature resistance. Suited for temperatures up to 450°F (232°C). Removable with heat and hand tools.

Suggested Applications: Camshaft sprocket bolts, crankshaft bolts, idler bearings, press fit filler tubes, transmission input and output shaft threads, ring gear or shock bolts

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
24026	6 ml tube, carded	6
27200	10 ml bottle, carded	6
27240	36 ml bottle, carded	6

Permatex® Large Diameter Threadlocker RED

OEM specified. A high strength adhesive for locking and sealing large bolts and stud 1" (25mm+) or larger in diameter. Heat may be required to weaken bond before parts can be disassembled. Conforms to ASTM D5363 AN0211 (Mil-S-46163A, Type I, Grade L).

Suggested Applications: Frame brackets, suspension fasteners, shock absorber mounts, wheel studs

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
27710	10 ml bottle, carded	6
27740	36 ml bottle, carded	6

Permatex® Penetrating Grade Threadlocker GREEN

OEM specified. A low viscosity threadlocking liquid that wicks along the threads of preassembled fasteners to secure them in place. Since it is applied after assembly, preventive maintenance procedures are simplified. Ideal for fasteners ranging from #2 to 1/2" (2.2 to 12mm) in size. Localized heating and hand tools are needed for disassembly. Conforms to ASTM D5363 AN0261 (Mil-S-46163A, Type III, Grade R).

Suggested Applications: Bolts on alternators, air conditioning belts and distributor clamps, carburetor adjustment screws, hairline cracks

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
29000	6 ml tube, carded	12
29010	10 ml bottle, carded	6
29040	36 ml bottle, carded	6

Threadlockers

Thread Sealants *Introduction*

Permatex® Thread Sealants seal and secure metal pipes and fittings. By filling the space between threaded metal parts, Thread Sealants cure to a pliable seal to prevent leakage caused by vibration loosening, tape shredding, solvent evaporation, damaged threads, and temperature cycling. Designed for low and high pressure applications, Thread Sealants seal instantly for on-line low pressure testing. When fully cured, they seal to the burst strength of most piping systems. The high lubricating properties of Permatex® Thread Sealants ease assembly and prevent galling of the threads. For system repairs, parts may be disassembled with basic hand tools.

Product	Item No.	Color	Viscosity cP	Seal to Operating Pressure	Temperature Range	Use/Common Applications
Permatex® Pneumatic/Hydraulic Sealant	54540	Purple	14,000	4 hrs.	-65° to 300°F (-54° to 149°C)	Pneumatic/Hydraulic sealant designed to cure more reliably on oily surfaces. Will not contaminate fine filter systems.
Permatex® High Performance Thread Sealant	56521	White	300,000	4 hrs.	-65° to 300°F (-54° to 149°C)	Superior to PTFE tape, ensures leak-proof seal under harsh treatment. Head bolts into through holes; vacuum valves; oil pressure switches and sensors; transmission oil and coolant lines; intake manifold switches; rear axle fill plug fuel fittings; brake and power steering lines.
Permatex® High Temperature Thread Sealant	59214 59235	White	350,000	4 hrs.	-65° to 400°F (-54° to 204°C)	Head bolts into through holes, vacuum valves, oil PSI switches and sensors, transmission oil and coolant lines, intake manifold switches, rear axle fill plug, fuel fittings, brake and power steering lines.
Permatex® Thread Sealant with PTFE	80631 80632 80633	White	55,000	Instant/Non-Curing	-65° to 300°F (-54° to 149°C)	General purpose fitting sealant. Outperforms tapes and pipe dopes. Seals and resists pressure in air, oil, diesel fuel and hydraulic systems. Remains pliable at higher and lower temperatures. Ideal for air conditioning fittings, temperature sending fittings, hydraulic fittings
Permatex® Pipe Joint Compound	80044 80045	Black	40,000	Instant/Non-Curing	-65° to 400°F (-54° to 204°C)	Lubricates and seals threaded joints on water, oil and fuel lines. Resists common shop fluids.

Thread Sealants

Permatex® High Performance Thread Sealant

OEM specified. Formulated specifically for metal, tapered pipe thread fittings, it replaces tapes and pipe dopes. Cures rapidly to withstand up to 10,000 PSI. Prevents galling and protects mated threaded areas from rust and corrosion. Contains PTFE.

Suggested Applications: Stainless steel fittings, head bolts into through holes, oil PSI sending units/sensors, oil and coolant lines, intake manifold switches, rear axle fill plug, fuel fittings

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
56521	50 ml tube, carded	6

Nonfood Compounds Program Listed (P1) (134294)

Permatex® High Temperature Thread Sealant

OEM specified. Locks and seals threaded fittings. Resists leakage, vibration loosening, moisture, hydraulic fluids and diesel fuels. Lubricates threads for easy assembly and disassembly. Won't shred or wear like tapes. Parts may be repositioned up to 4 hours after application. Temperature range -65°F to 400°F (-54°C to 204°C). Contains PTFE.

Suggested Applications: Head bolts into through holes, oil PSI sending units and sensors, oil and coolant lines, fuel fittings,

rear axle fill plug, brake and power steering fittings

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
59214	6 ml tube, carded	12
59235	50 ml tube, carded	6

Permatex® Thread Sealant with PTFE

Economical general-purpose fitting sealant. Outperforms tapes and pipe dopes. Seals and resists pressure in air, oil, diesel fuel and hydraulic systems. Remains pliable at higher and lower temperatures. Temperature range -65°F to 300°F (-54°C to 149°C); resists common shop fluids.

Suggested Applications: Air conditioning fittings, temperature sending fittings, hydraulic fittings

Item #	Container Size	Pack	Old P/N
80631	1 oz. tube, carded	12	14AR
80632	4 oz. bottle	12	14H
80633	16 oz. bottle	12	14D

Permatex® Pneumatic/Hydraulic Sealant

OEM specified. Designed for locking and sealing high pressure hydraulic and pneumatic systems. Contains no fillers or particles which could contaminate system fluids, foul valves, or clog fine filters and screens. Reliably cures on "as received" fasteners and controlled locking strength affords easy disassembly.

Suggested Applications: Hydraulic line fittings, brake fittings, transmission fluid fittings, PTO fittings

Item #	Container Size	Pack
54540	36 ml bottle, carded	6

Permatex® Pipe Joint Compound

Universal sealant. Lubricates and seals threaded joints on water, oil and fuel lines. Temperature range -65°F to 400°F (-54°C to 204°C); resists common shop fluids.

Suggested Applications: Thread fittings, plumbing applications

Item #	Container Size	Pack	Old P/N
80045	16 oz. bottle	12	51D

Not for sale or use in the state of California.

Anaerobic Technology *Activator for Anaerobics*

Permatex® Surface Prep Activator For Anaerobics

Speeds cure of Permatex® Threadlockers, Thread Sealants, Retaining Compounds, and Anaerobic Gasket Makers by 50%. Increases threadlocker strength. Recommended for use during cold weather. General-purpose solvent for cleaning and preparing parts and surfaces. Level 1 ▲

Suggested Applications: All anaerobic applications

P/N	Container Size	Pack
24163	6 oz. aerosol can, 4.5 oz. net wt.	6

Nonfood Compounds Program Listed (P1) (134201)

Thread Repair

Permatex® Stripped Thread Repair Kit

Makes reliable thread repairs without drills, taps, tools or inserts. Restores worn, stripped or damaged threads and eliminates future corrosion, galling, seizing and rust. Effective up to 128 ft. lbs. of torque and between -65°F to 300°F (-54°C to 149°C). Repairs most metal-to-metal fasteners up to SAE grade 5 English and 8.8 metric (coarse and fine).

Suggested Applications: Intake manifold bracket fastener threads, timing chain cover bolt threads, valve cover bolt threads, water pump bolt threads

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
81668	1 kit, clamshelled	6

See also Permatex® Professional Repair Systems on page 42.

Damaged Threads

Repair damaged threads with Stripped Thread Repair

Retaining Compounds *Introduction*

Permatex® Retaining Compounds are designed to bond non-threaded, cylindrical metal assemblies. By filling the voids between close-fitting metal parts, Retaining Compounds harden to create a solid, one-piece assembly. Retaining Compounds can be used to lock keyways, secure splines, augment press fits, and strengthen interference fits. Use them to prevent wear on new components, or restore the fit to worn or out-of-tolerance parts.

Permatex® High Temperature Sleeve Retainer

OEM specified. High temperature, up to 400°F (204°C), anaerobic adhesive that secures slip and press fit assemblies. Adds up to 3,000 PSI holding power. Restores fit to worn or out-of-tolerance assemblies. Prevents surface corrosion. Conforms to ASTM D5363 AN0411 (Mil-R-46082, Type II).

Suggested Applications: Cylinder sleeves, valve guides, valve seats, bearings and bushings, woodruff keys, liner assemblies

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
64000	6 ml tube, carded	12
64040	36 ml bottle, carded	6

Permatex® Bearing Mount for Close Fits

OEM specified. A low viscosity, rapid-curing anaerobic adhesive that augments the strength of press fit assemblies up to .005" in diameter. Adds up to 3,000 PSI holding power. Conforms to ASTM D5363 AN0411 (Mil-R-46082, Type I).

Suggested Applications: Bushings, bearings, oil seals, ring gear bolts, differential lock pins

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
60910	10 ml bottle, carded	6
60950	50 ml bottle	6

Permatex® Bearing Mount for Relaxed Fits

OEM specified. High strength, medium viscosity anaerobic adhesive for slip fit assemblies. Provides 2,800 PSI shear strength on steel. Fixtures in 10 minutes at room temperature.

Suggested Applications: Replaces set screws, replaces clamp rings, replaces snap rings, wheel bearings, idler shaft, press fit bearings

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
68050	50 ml bottle	6

Permatex® Bearing Mount for Worn Parts

OEM specified. A creamy, non-running adhesive used between parts to repair large gaps and severely worn parts. Adds up to 3,000 PSI holding power. Fills gaps to .020" in diameter. Use to 300°F (149°C). Very rapid cure.

Suggested Applications: Refitting worn shafts and housings, repair worn keyways, repair loose set screws, refit worn couplings, form-in-place shims

Item #	Container Size	Pack
20297	6 ml tube, carded	6

Retaining Compounds

Adhesives & Sealants *Super Glues*

Super Glues & Instant Adhesives

From the world leader in cyanoacrylate, or super glue, technology comes a complete line of adhesives designed to cover the vast majority of common automotive repairs and materials. From the revolutionary Ultra Bond™, a high performance super glue, to Dr. Bond™ adhesive, Permatex® offers a wide range of instant adhesives to meet your many needs.

Epoxies

Permatex® epoxies offer convenient solutions for a wide range of bonding applications. Available in many packaging configurations, Permatex® epoxies are versatile and easy-to-use. From general-purpose to material-specific, Permatex® offers a formulation that will work in virtually any environment.

Specialty Adhesives

Permatex® specialty adhesives offer ideal solutions for many automotive bonding jobs. As complements to a full line of super glues, these products make a more complete adhesive set, while the tried and true formulas guarantee consumer satisfaction.

Sealants

There is a trusted Permatex® sealant for virtually any automotive sealing application, from windshields to vinyl tops to electrical connections. These well-known general-purpose and job specific sealants are cornerstones in the Permatex® line.

Permatex® Ultra Bond™ Super Glue

Designed to meet the most demanding automotive adhesive needs, this premium high performance super glue provides a stronger, faster-acting and longer lasting bond. Works on porous and nonporous materials including metal, most plastics, laminated plastics, vinyl, rubber, ceramics, paper, wood, textiles, leather, synthetic leather, cork and chipboard. Permanent, transparent bond fills gaps to .004". Convenient 5 g clog-free nozzle

bottle keeps fingers glue-free. Outperforms regular super glues.

Suggested Applications: Automotive trim, logos, knobs, gear shift logos, minor interior repairs

Item #	Container Size	Pack
21309	5 g bottle, carded	6

Permatex® Ultra Bond™ Super Glue Gel

This premium gel formula provides a stronger, longer lasting bond that works on more materials than regular super glue gels.

The no-run formula was designed for fast, heavy-duty repairs to vertical surfaces where regular adhesives run. Works on porous and nonporous materials including metal, most plastics, laminated plastics, vinyl, rubber, ceramics, paper, wood, textiles, leather,

synthetic leather, cork and chipboard. Permanent, transparent bond fills gaps to .004".

Suggested Applications: Automotive trim, logos, knobs, gear shift logos, minor interior repairs

Item #	Container Size	Pack
82196	2 g tube, carded	6

Super Glues & Instant Adhesives

Permatex® Super Glue

This formulation was specially designed for a faster, long-lasting bond. It is easily applied and works on non-porous materials including metal, plastics, rubber, vinyl, paper, wood, and textiles. Permanent, transparent bond fills gaps to .004”

Suggested Applications:

Automotive trim, logos, knobs, gear shift logos, minor interior repairs

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
49450	1 oz. bottle, carded	6
82190	2 g tube, carded	12
30878	2 g tube, 2-pack carded	6
49550	1 oz. bottle, Class 1, Type II*	10
49650	1 oz. bottle, Class 2, Type I*	10

* Meets Gov. Mil-A-46050C

Did You Know?...Super Glue or Super Glue Gel can be removed from your fingers by using a small amount of acetone-based nail polish remover on a cotton swab or white terry cloth. Gently apply to glue to dissolve bond without damaging skin.

Permatex® Super Glue Gel

This no drip gel formula “stays put” for precise application on hard-to-reach, overhead, or vertical surfaces. This permanent, transparent bond is easily applied and works on both porous and nonporous materials including metal, rubber, glass, aluminum, vinyl, ceramics, alloys, and plastics. Fills gaps to .004”

Suggested Applications:

Automotive trim, logos, knobs, gear shift logos, minor interior repairs

Item #	Container Size	Pack
82191	2 g tube, carded	12

Dr. Bond® Plastic Bonder

Repairs any automotive plastic. No mixing required. Prepare the surface with the activator, apply the bonding agent, and bond the parts.

Suggested Applications: All plastics, even polyethylene and polypropylene

Item #	Container Size	Pack
82565	2 g tube & 2.9 ml bottle, carded	6

Dr. Bond® Super Glue and Super Glue Gel

This super strong, super fast instant-bonding adhesive sets in seconds to form a permanent bond. One drop does the job. It makes permanent repairs to almost all nonporous surfaces including metal, laminated plastics, rubber, ceramics, and china. Permanent, transparent bond fills gaps to .004”.

Suggested Applications: Automotive trim, logos, knobs, gear shift logos, ornaments, minor interior repairs

Item #	Container Size	Pack	Item #	Container Size	Pack

Adhesives & Sealants *Epoxies*

Permatex® Fast Cure Epoxy Cups

Convenient premeasured epoxy mixer cups contain resin and hardener in one convenient package. No guess, no mess, no waste. Ideal for bonding glass, hard plastics, rubber and metal. Bonds in 5-15 minutes, useable in 30 minutes. Grey adhesive has excellent chemical resistance. Fills porosities and can be used to build up worn parts. May be drilled, tapped, sanded, or machined and painted after cure.

Suggested Applications: Repairs loose auto trim, broken grills, ornaments, loose door glass channels and fills casting cracks and holes

Item #	Container Size	Pack
21425	10 - 4 g mixer cups, canister	10
*21427	4 - 4 g mixer cups, foil pouch	6

Fast Cure Epoxy Cups are this easy to use...

***RESEALABLE POUCH!**

Permatex® Cold Weld Bonding Compound

A 15-minute, two-part adhesive and filler system that eliminates the need for welding or brazing. It repairs, fills and bonds to iron, steel, brass, bronze, aluminum and copper. Once cured, it can be drilled, tapped, threaded, filed, sanded and painted. Resists most automotive, shop and cleaning fluids. Withstands temperatures to 300°F intermittent. Over 3,000 PSI shear strength on steel.

Suggested Applications: Cracked transmission cases, chipped heads, rear end castings, cracked blocks, cracked intake manifolds, damaged keyways, split stampings

Item #	Container Size	Pack
14600	2-1 oz. tubes, carded	12

Permatex® PermaPoxy™ 4 Minute Multi-Metal Epoxy Stick

This two part, hand kneadable, putty type epoxy has contrasting colored materials that are mixed together to form a uniform color to indicate thorough mixing. Eliminates the need for welding or brazing. Holds in four minutes, useable in 30 minutes. Dark grey appearance. Temperature range -40°F to 350°F (-40°C to 176°C). When cured, can be drilled, sanded, threaded or filed. Resistant to fuels and solvents after full cure. Permanent strength up to 3500 PSI.

Suggested Applications: Bonds rigid materials including aluminum, brass, chrome, copper, iron, stainless steel, steel; cracked transmission cases, chipped heads, rear end castings, cracked blocks, cracked intake manifolds, damaged keyways, split stampings

Item #	Container Size	Pack
84309	2 oz. putty vial, carded	12

Permatex® PermaPoxy™ 4 Minute Multi-Metal Epoxy Syringe & Tubes

Versatile, easy-to-use, multi-metal epoxy adhesive is two-part adhesive and filler system that eliminates the need for welding or brazing. Sets in four minutes, no clamping needed. Dark grey appearance. Fills gaps and will not shrink. When cured, can be drilled, sanded, threaded or filed. Resistant to water and solvents. Temperature range -60°F to 300°F (-51°C to 149°C). Permanent strength up to 4500 PSI.

Suggested Applications: Ideal for complex, multi-piece assemblies. Bonds rigid materials including aluminum, brass, chrome, copper, iron, stainless steel, steel. Use to seal welded seams, fills metal cracks, mount metal components.

Item #	Container Size	Pack
84109	.84 fl. oz. dual syringe, carded	12
84209	2 - 1oz. tubes, carded	12

PermaPoxy™ Epoxies

NEW!

Item # 84164

Self-mixing syringe blends adhesive and filler as it dispenses, eliminating the need for manual mixing. Includes two detachable mixing heads which allow additional uses while providing pinpoint application.

Permatex® PermaPoxy™ General Purpose Epoxies

These two-part adhesive and filler systems are versatile, easy-to-use, and are available in one, five or thirty minute setting times with no clamping needed. Clear appearance. Fills gaps and will not shrink. Resistant to water and solvents. Temperature range -60°F to 180°F (-51°C to 82°C). When cured, PermaPoxy can be drilled, sanded, threaded, or filed. Bonds dissimilar materials. Resistant to fuels, solvents, and most other liquids.

Packaging configurations include:

- Dual dispensing syringes and tubes are a two-part adhesive and filler system
- **NEW!** Self-mixing dual syringe blends the adhesive and filler as it dispenses, eliminating the need for manual mixing.

Suggested Applications: Ideal for complex, multi-piece assemblies. Bonds rigid materials including, ceramic, chrome, fabric, fiberglass, glass, hard plastic, metal, and rubber. Fills gaps and bonds dissimilar materials. Use on casting cracks and holes, automotive trim parts, ornaments, knobs, cracked taillights, damaged grills, mount components, body moldings, tamper proofing, hub cap trim, damaged spoilers, seals metal seams, repair tanks, mount bushings, repair castings, interior trim, mounting brackets

Item #	Container Size	PSI	Pack
84160	1 Minute General Purpose Epoxy, .84 oz. dual syringe, carded	2500 PSI	12
84101	5 Minute General Purpose Epoxy, .84 oz. dual syringe, carded	3400 PSI	12
84107	30 Minute High Strength Epoxy, .84 oz. dual syringe, carded	3500 PSI	12
84164	5 Minute General Purpose Epoxy, .47 oz. self-mixing syringe, carded	3400 PSI	12
84201	5 Minute General Purpose Epoxy, 2 - 1 oz. tubes, carded	3400 PSI	12

Easy-To-Use!

Adhesives & Sealants

Permatex® PermaPoxy™ 5 Minute Plastic Weld

A structural adhesive designed for general purpose bonding of a wide variety of material such as hard and soft plastics to specified surfaces. Forms a tough, durable bond to most plastics, composites, ceramics, wood in any combination. Fast curing product with gelling of mixed adhesive in 5 – 6 minutes and fixturing in 9 – 10 minutes. **NOTE:** Will not bond most polyethylene or polypropylene plastics. Bonds hard and soft plastics to specified surfaces. Requires no primers, sets in five minutes at room temperature. Cream appearance. Gap filling to 0.125 inch. Water resistant and good chemical resistance. Temperature range -60°F to 250°F (-51°C to 121°C). Permanent strength up to 3500 PSI.

Suggested Applications: Bonds rigid materials including ABS, acrylic, fiberglass, FRP, glass, PVC, SMC, steel, styrene, vinyl, and wood. Use for interior trim, fills cracks, bonds most plastic, bonds plastic to vinyl

Item #	Container Size	Pack
84115	.84 fl. oz. dual syringe, carded	12

Adhesives & Sealants *Specialty Adhesives*

Permatex® Pit Crew's Choice™ Adhesive & Sealant

A versatile automotive adhesive/sealant. Bonds nearly anything from seat tears to loose trim. Super strong, dries gradually – allowing time to reposition parts. Goes on white, dries clear. Provides a waterproof seal. Withstands vibration. Nontoxic. For interior and exterior use.

Suggested Applications: Fiberglass, leather, plastic, vinyl, rubber, steel, etc.

Item #	Container Size	Pack
25831	2 fl. oz. tube, carded	6

Permatex® Contact Cement

Makes a tough, permanent bond on contact. Instantly bonds metal, wood, ceramic, leather, rubber and many other surfaces. Instantly bonds rubber to glass and metal. Heat and water resistant. Easy-to-use. Requires no clamping.

Suggested Applications: Weather stripping

Item #	Container Size	Pack
25905	1.5 fl. oz. tube, carded	12

Permatex® Liquid Metal Filler

Easy-to-use filler can be drilled, filed, sanded and painted. Forms a long-lasting, metal-tough bond. Works on metal, wood, and concrete. Excellent adhesion to galvanized metal. Repairs cracks or porosity leaks in cast metal parts. Fills small holes, cracks, and perforations. Resists water, oil and gasoline.

Suggested Applications: Oil pans, stake bed holes, door panels, cast metal parts

Item #	Container Size	Pack
25909	3.5 fl. oz. tube, carded	12

NEW! Permatex® Liquid Electrical Tape

Weatherproof protectant for wiring and electrical connections. Goes on as a liquid and dries to a vinyl polymer that resists dirt, dust, chemicals, moisture, ensuring that connections stay intact. Brush-top applicator allows coverage without gaps and enables access to tight spaces that roll tape and shrink tubing can't get to.

Suggested Applications: Ignition wires, underground wiring, outdoor lighting fixtures, bilge pumps, terminal blocks, exposed wires, etc.

Item #	Container Size	Pack
85120	4 oz. brush-top bottle, carded	6

Sealants — Stop Leaks in Minutes...

Permatex® Spray Sealant Leak Repair

Targets Any Low Pressure Leak without Disassembly!

A sprayable sealer that forms a durable rubber barrier that stop leaks in minutes. The wicking action seals hard-to-reach leaks without the need for disassembling or removing parts. Designed specifically to target low pressure leaks in hoses, oil pans, differentials, transmission pans, fluid reservoirs as well as plastic, PVC and metal pipes, their connections and much more!. Eliminates the need for liquid additive sealers that can swell and foul internal seals. Resists common shop fluids. **Note:** In many cases, more than one coat will be needed to solve the problem. Level 3 ▲

Suggested Applications: Engine and transmission leaks, hoses, oil pans, differentials, transmission pans, cooling systems, thermostats, water pumps, valve covers, tubing connections, electrical harness connectors, plastics, and PVC

Item #	Container Size	Pack
82099	net wt. 9 oz. aerosol	6

Sealants

Permatex® Black Silicone Adhesive Sealant

Low odor formula! General-purpose, black RTV indoor/outdoor sealant. Seals, bonds, repairs, mends and secures glass, metal, plastics, fabric, vinyl, weather stripping and vinyl tops. Protects and repairs electrical wiring. May be applied to horizontal or vertical surfaces. Waterproof and flexible. Temperature range -75°F to 450°F (-59°C to 232°C); resists water, weather, and vibration.

Suggested Applications: Windshields, door frames, electrical connections, seams and roofs, vinyl tops, weather stripping

(Not recommended for engine gasket applications)

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack	Old P/N
81158	3 oz. tube, carded	12	16BR
81173	12.9 oz. cartridge	12	16C

Permatex® Clear RTV Silicone Adhesive Sealant

General-purpose, clear RTV indoor/outdoor sealant. Seals, bonds, repairs, mends and secures glass, metal, plastics, fabric, vinyl, weather stripping and vinyl tops. Protects and repairs electrical wiring. May be applied to horizontal or vertical surfaces. Waterproof and flexible. Temperature range -75°F to 400°F (-59°C to 204°C); resists water, weather, and vibration.

Suggested Applications: Windshields, door frames, electrical connections, vinyl tops, seams and roofs

(Not recommended for engine gasket applications)

81913	7.25 oz. Power Can	12	—
85913	7.25 oz. PowerBead™ can	6	—

Permatex® Flowable Silicone Windshield & Glass Sealer

Wicking action silicone “seeks the leak”. Flows into hidden and hard-to-reach areas. Forms a tough, waterproof, durable, clear seal that is resistant to weather, extreme temperatures, vibration, shock and most shop chemicals. Fills surface voids and irregularities. Temperature range -80°F to 400°F (-62°C to 204°C).

Suggested Applications: Windshields, sunroofs, windows, headlamp assemblies, marine glass, RV vents and windows

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack	Old P/N
81730	1.5 fl. oz. tube, carded	12	65AR

Permatex® Auto Glass Sealer

Seals out leaks and drafts around windows. Makes a tight, permanent seal. Can be used for glass, metal, wood and rubber. Economical clear sealant.

Suggested Applications: Car windows, windshields, sunroofs

Item #	Container Size	Pack	Old P/N
80329	1.5 fl. oz. tube, carded	12	DWS-37

Permatex® Form-A-Seal® Leak Repair

Forms a durable rubber barrier that stops leaks in minutes without part removal. Many auto, home, shop, garage, farm, marine and industrial uses. A sprayable sealer eliminates the need for disassembly prior to repair. Follow label for instructions. Resists common shop fluids. Level 3 ▲

Suggested Applications: Engine and transmission leaks, cooling systems, plumbing, masonry, wood, plastics, glass, PVC

Item #	Container Size	Pack
82096	6 oz. aerosol can, 5 oz. net wt.	12

Permatex® Black Rubber Sealant

High-strength, ready-to-use automotive sealant insulates, seals and caulks. Does not dry out or become brittle. Economical black sealant.

Suggested Applications: Weather stripping, door and window glass, electrical connections

Item #	Container Size	Pack	Old P/N
80338	1.5 fl. oz. tube, carded	12	RS-9

Specialized Maintenance *Introduction*

Specialized Maintenance & Repair

Whether it's sealing a hole in a tailpipe, attaching a rearview mirror or mending a tear in upholstery, there's a Permatex® product that offers the solution. These problem-solving products are formulated and tested to deliver optimum results for specific maintenance and repair needs.

- Rebuilder's Aids
- Counterman's Choice®
- Auto Glass Repair
- Electrical System Maintenance
- Body, Interior & Trim
- Professional Repair Systems
- Fabric, Vinyl & Fiberglass Repair
- Exhaust System Repair
- Brake Maintenance & Repair
- Radiator & Fuel Tank Repair

Rebuilder's Aids

Permatex® Valve Grinding Compound

Aids valve grinding and seating operations to remove burrs, surface defects, carbon, gum and corrosion. Can be used for lapping and grinding chromium. Mixes with water to form an easy-to-use paste.

Suggested Applications: Seat valves, sharpen reel type lawn mowers

Item #	Container Size	Pack	Old P/N
80036	1.5 oz. tube, carded	12	34A
80037	3 oz. tube, carded	12	34B

Permatex® Prussian Blue

Aids precision-fitting of machined surfaces. Locates high spots on bearings, valves, gears and other close-to-tolerance components. Nondrying. Easy clean-up.

Suggested Applications: Bearings, valves, gears, other close tolerance or machined assemblies

Item #	Container Size	Pack	Old P/N
80038	.75 fl. oz. tube	36	35V

Permatex® O-Ring Splicing Kit contains all the materials and tools necessary to produce O-rings on-the-spot.

Permatex® O-Ring Splicing Kit

Makes custom o-rings on the spot. Eliminates the need to disassemble parts and components. Includes adhesive waterproofing solution, cleanup solvent, cutting blade, splicing fixture and 12 ft. of Buna-N cord stock.

Suggested Applications: Custom o-rings
OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
00112	1 boxed kit	5

Single-Use Pouches - the Right Amount for Small Jobs

Permatex® Single-Use Pouches

A line of single-use chemicals that deliver just the right amount of material for typical automotive repair jobs. Consistent with the high quality associated with the Permatex® brand, each item in the line contains premium chemical compounds. The convenient single-use pouches feature an exclusive “easy squeeze spout” with a tapered channel to provide for more accurate dispensing of compounds while minimizing waste and mess. Permatex® Single-Use chemicals are a convenient and economical new way for DIY’ers to complete a wide range of automotive repairs.

Suggested Applications: See descriptions under the various item descriptions in the lubricants, threadlockers or specialty repair sections of this catalog.

Item #	Container Size	Pack
09973	Ceramic Extreme Brake Lubricant, 4 g pouch	480
09974	Gasket Sealant & Dressing, 5 g pouch	480
09975	Anti-Seize Lubricant, 4 g pouch	480
09976	Battery Protector, 4 g pouch	480
09977	Ultra Disc Brake Lubricant, 4 g pouch	480
09978	Medium Strength Threadlocker BLUE Gel, 1 g pouch	480
09979	High Strength Threadlocker RED Gel, 1 g pouch	480
09980	Spark Plug Boot Grease, 4 g pouch	480

Did you know?...Permatex® single-use pouch displays can increase profit opportunity.

- Add-on sales opportunity whenever parts are sold!
- Ideal for high incidence, one-time DIY repairs
- Introduces DIY to new chemical products sold in other parts of store

Permatex® Quick Grid™ Rear Window Defogger Repair Kit

Provides a low-cost, high-quality repair for damaged rear window defogger grids. Complete kit for a superior repair. Quick Grid™ is the result of a joint research project with the General Motors Research Center.

Suggested Applications: Rear window defoggers

Item #	Container Size	Pack
15067	.05 fl. oz. bottle, carded	12

See also Permatex® Professional Repair Systems Rear Window Defogger Repair Kit on page 41.

Permatex® Rear Window Defogger Electrically Conductive Tab Adhesive

Quickly and easily bonds defogger tab to grid on rear window. Provides a low-cost, high-quality repair for damaged rear window defogger tabs. Complete kit for a quick repair.

Suggested Applications: Rear window defogger tabs

Item #	Container Size	Pack
21351	2-part kit, carded	6

Electrical System Maintenance

Permatex® Bullseye™ Windshield Repair Kit

The first one-component windshield repair system designed to be used by the car owner. May be used on star damage and bullseyes up to 1-1/4" in diameter to prevent further spreading of glass fracture. Safe and easy to use. Requires no mixing, no heat. Makes the repair virtually undetectable.

Suggested Applications: Bullseyes, star damage, and chips in windshields

Item #	Container Size	Pack
16067	.025 fl. oz. syringe, carded	12

See also Permatex® Professional Repair Systems Windshield Repair Kit on page 41.

Permatex® Tune-Up Kit

Easy-to-use, two-part kit contains both Dielectric Tune-Up Grease and Anti-Seize Lubricant. Dielectric Tune-Up Grease protects spark plug boots and electrical connections from corrosion, while extending the life of rotor caps in all modern vehicles. Anti-Seize Lubricant is used on spark plugs before installation to prevent thread damage and allow for easy removal of spark plugs later.

Suggested Applications: Electrical connections, spark plug boots, rotor caps

Item #	Container Size	Pack
26984	.33 oz. tube & .18 oz. pouch, carded	6

See also page 51.

Electrical System Maintenance

Permatex® Dielectric Grease

Protects electrical connections and wiring from salt, dirt and corrosion. Extends the life of bulb sockets. Prevents voltage leakage around any electrical connection. Also prevents spark plugs from fusing to boots. Required for modern high energy ignition systems.

Suggested Applications: Marine and automotive electrical connections, spark plug boots, trailer hitches

Item #	Container Size	Pack	Old P/N
81150	.33 oz. tube, carded	12	67VR
81153	3 oz. Power Can, stand-up carded	6	—
22058	3 oz. tube, carded	6	—
09980*	4 g pouches	480	—

* See also page 35 & 51.

Permatex® Bulb/Lamp & Electrical Connector Dielectric Grease

Increases performance and extends service life of bulbs and lamps by preventing voltage leakage and protecting electrical connections from moisture, dirt and corrosion. Great lubricating properties ease the disassembly process. Protects rubber, plastic, ceramic and metal surfaces.

Suggested Applications: Headlamps, lighting bulbs for: instrument panel, glove compartment, inside door trim, interior courtesy lamps, parking & turn signals, brake lights, license plate lights, trunk and hood lamps; also for fuses, ignition components and other electrical connections.

Item #	Container Size	Pack
31824	.10 oz. dose, carded	12

See also page 51.

NEW! Permatex® Liquid Electrical Tape

Weatherproof protectant for wiring and electrical connections. Goes on as a liquid and dries to a vinyl polymer that resists dirt, dust, chemicals, moisture, ensuring that connections stay intact. Brush-top applicator allows coverage without gaps and enables access to tight spaces that roll tape and shrink tubing can't get to.

Suggested Applications: Ignition wires, underground wiring, outdoor lighting fixtures, bilge pumps, terminal blocks, exposed wires, etc.

Item #	Container Size	Pack
85120	4 oz. brush-top bottle, carded	6

See also page 32.

Permatex® Battery Installation Kit

Complete kit for battery installation to insure a good connection. Protects electrical connections and prevents corrosion. Increases battery life and cranking powers. Stops terminal corrosion and prevents harmful buildup. Kit contains Battery Protector and one pair latex gloves (for safe handling, helps protect against acid contact).

Suggested Applications: Batteries

Item #	Container Size	Pack
85176	4 g pouch & 1 pair latex gloves, carded	6

Permatex® Battery Protector & Sealer

Stops terminal corrosion and increases battery life. Spray on battery terminals, in or out of storage. Aerosol - Level 3 ▲

Suggested Applications: Automotive, marine, farm machinery and motorcycle batteries

Item #	Container Size	Pack	Old P/N
80370	6 oz. aerosol can, 5 oz. net wt.	12	SA-9
09976*	4 g pouch	480	—

* See also page 35.

Permatex® Battery Cleaner

Spray it on and wash corrosion off. Works in just three minutes. Level 1 ▲

Suggested Applications: Automotive, marine, farm machinery and motorcycle batteries

Item #	Container Size	Pack	Old P/N
80369	6 oz. aerosol can, 5.75 oz. net wt.	12	SA-8

See also page 54.

Specialized Maintenance *Body, Interior & Trim*

Permatex® Rust Treatment

Provides one-step treatment that destroys old rust and prevents new rust. Just brush or spray on. Within minutes, rust is replaced by a durable black polymer coating that may be painted. Excellent protective primer. Specially formulated to be used with body filler and fiberglass. Can be used when temperature is between 50°F and 90°F (10°C and 32°C) and on surfaces which do not exceed 200°F (93°C). Aerosol - Level 2 ▲

Suggested Applications: Destroys rust on all automotive applications; trucks, trailers, storage tanks, pipes, valves, fences, guard rails, bulkheads, overheads, decks, hatch covers (topcoat with appropriate marine paint), agricultural equipment, plows, tractors, snow removal equipment, etc.

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack	Old P/N
81775	8 fl. oz. bottle	12	RT-8A
81773	16 fl. oz. bottle	12	RT-16A
81849	16 oz. aerosol can, 10.25 oz. net. wt.	12	79DA
75448	1 gallon bottle	4	-

Permatex® Rust Dissolver Gel

Chemically dissolves rust from all iron and steel surfaces. Brush or spray on, wipe off rust with cloth. Replaces sanding and scraping.

Suggested Applications: Iron and steel surfaces on cars, trucks, motorcycles, tractors, and trailers

Item #	Container Size	Pack	Old P/N
81756	8 fl. oz. bottle	12	NJ-1A
82138	12 fl. oz. trigger spray bottle	6	

See also page 54.

Permatex® Undercoating

Protects fenders, frames, fuel tanks, door panels, rocker panels, hoods and firewalls against moisture, road salt and corrosion. Won't sag or drip. Sound-proofs and insulates. Body shop proven. Level 3 ▲

Suggested Applications: Wheel wells, rocker panels, frames and underbody, body repairs, rust holes, tree pruning, driveway cracks, minor roof repairs, and post preserver

Item #	Container Size	Pack	Old P/N
80072	20 oz. aerosol can, 16 oz. net. wt.	12	117EA

Permatex® Heavy Duty Rubberized Undercoating

Now with an improved formula! Rubberized for maximum durability; seals, protects and insulates. Excellent professional blend all-purpose coating. Ideal for home or shop use. Level 3 ▲

Suggested Applications: Automotive frames, rocker panels and wheels. Other uses include sealing gutters, roofs, drain systems and tree pruning

Item #	Container Size	Pack	Old P/N
81833	20 oz. aerosol can, 16 oz. net. wt.	12	135EA

Body, Interior & Trim

Permatex® Body Shop® Heavy Duty Headliner & Carpet Adhesive

High-strength spray adhesive designed for repairing interior parts which have become detached or loosened. Resistant to extreme weather conditions. Water-resistant. Dries clear for neat appearance. High temperature formula maintains high strength at temperatures up to 170°F (77°C). VOC compliant. Level 3 ▲

Suggested Applications: Excels at attaching headliners, carpets, trunk linings and inside door panels; bonds foam, fabrics, plastics, rubbers, other automotive materials, etc.

Item #	Container Size	Pack
27828	20 oz. aerosol can, 16.75 oz. net. wt.	6

Permatex® All Purpose Spray Adhesive

An all-purpose, pressure sensitive, spray adhesive that allows both permanent and repositionable bonding. Won't bleed through leaving surfaces unstained, dries clear. Unique formula resists water and humidity. Will not shrink. Adheres to porous and nonporous materials. VOC compliant. Level 3 ▲

Suggested Applications: For general purpose, non-structural applications; excels at attaching upholstery cloth, carpeting, floor mats, insulation, kick and silencer pads to metal, wood or KB board; bonding paper, metal, fabric, most plastics, leather, rubber, cardboard, felt, polystyrene foam, cork, foam rubber, glass, foil, wood

Item #	Container Size	Pack	Old P/N
82019	16 oz. aerosol can, 10.5 oz. net wt.	12	118DA

Permatex® Black Super Weatherstrip Adhesive

A professional, black weatherstrip adhesive that blends with automotive weatherstripping for less clean-up. Allows for repositioning parts after contact is made. Withstands extreme temperatures. Water resistant. Resistant to gasoline, kerosene, antifreeze and most solvents.

Suggested Applications: All types of automotive weatherstripping; door and trunk moldings, body side moldings, cut gaskets

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack	Old P/N
81850	5 fl. oz. tube, boxed	12	82

Permatex® Super Weatherstrip Adhesive

A superior adhesive ideal for many applications including rubber, metal, auto or van carpeting and fabric-backed vinyl upholstery and automotive gaskets. Allows for repositioning parts after contact is made. Withstands extreme temperatures. Water resistant. Resistant to gasoline, kerosene, antifreeze and most solvents.

Suggested Applications: All types of automotive weatherstripping, door and trunk moldings, body side moldings, decorative trim, cut gaskets

Item #	Container Size	Pack	Old P/N
81731	5 fl. oz. tube, boxed	12	80
80638	2 fl. oz. tube, carded	12	80BR

Permatex® Weatherstrip Cement

A translucent all-purpose cement and sealer that bonds in minutes and dries to a tough, strong bond. Waterproof and durable. It provides a flexible, vibration resistant bond that adheres rubber to glass and metal.

Suggested Applications: Bonds glass, rubber and metal; door and windshield weatherstripping

Item #	Container Size	Pack	Old P/N
80328	2 oz. tube, carded	12	DCD-19

Visit PermatexRepair.com, a website designed to help consumers find easy, do-it-yourself repair solutions to save time and money. The site features How-to videos, a 'Which kit is right for you' section, FAQs, and a 'Where to buy' section.

NEW! Permatex® Wheel Restoration Kit

This effective kit restores damaged metal wheel surfaces to a "LIKE NEW" appearance. This easy-to-use, do-it-yourself kit makes permanent repairs to various unappealing wheel damage including curbside rash, corrosion, rust, pitting, scuffs, dents and scratches. Dupli-Color® high performance silver wheel paint included to restore original silver metallic finish. See other Dupli-Color® wheel paints (not included) for your exact color match. *See video demo online at permatex.com.*

NOTE: Not for use on plastic wheel covers or structural wheel damage. Included silver paint matches most wheels.

Suggested Applications: Metal wheels (e.g. aluminum, alloy, steel, and mixed metals); wheel damage including curbside rash, scuffs, corrosion, rust, pitting, dents, grooves, and scratches

Item #	Container Size	Pack
09142	1 kit, clamshelled	6

Curbside Rash & Scuffs

Corrosion & Rust

Dents & Scratches

NEW! Permatex® Lens Renew Headlight Restoration Kit

Formulated with UV protectant, this kit works on most exterior plastic lighting lenses to restore “LIKE NEW” clarity, improving light output and appearance. Contains attachment intended for use with portable drill for quick and easy restoration. Restores clouded, pitted, and yellowed lens surfaces. Each kit contains lens restoration polish/UV protector, 1 disc pad mandrel, 2 sanding discs, 2 polishing discs, 1 foam polishing pad, and an instruction sheet.

Suggested Applications: Headlight lenses

Item #	Container Size	Pack
09136	1 kit, clamshelled	6

BEFORE Repair

AFTER Repair

Permatex® Headlight Lens Restoration Kit

No drill required. Our economical and effective kit works on exterior plastic lighting lenses to restore “LIKE NEW” clarity, improving light output and appearance. Restores clouded, pitted, and yellowed lens surfaces. Kit contains lens restoration polish, a polishing cloth, 4 wet/dry sand-papers (1000, 1500, 2000 & 2500 grits), 1 pair latex gloves, and a simple step-by-step instruction sheet.

See video demo online at permatexrepair.com

Suggested Applications: Headlight lenses

Item #	Container Size	Pack
09135	1 kit, clamshelled	6

Permatex® Windshield Repair Kit

Make permanent air-tight repairs on most types of damaged laminated windshield glass, including bullseye’s and star damage up to 1 1/4 inches, in just a few minutes. This state-of-the-art delivery system with advanced spring-lock feature, allows you to make professional-quality repairs with no mixing required and it cures by natural daylight. This complete kit provides everything needed for the repair including easy-to-follow instructions with photographs. See video demo online at permatex.com.

Suggested Applications: Repairs bullseye’s,

star damage, and chips (up to 1 1/4 inches long) in laminated automotive windshields

Item #	Container Size	Pack
09103	1 kit, clamshelled	6

Permatex® Rearview Mirror Adhesive Kit

OEM approved. Complete kit contains everything required for making professional-quality repairs in just minutes. State-of-the-art components and easy-to-follow instructions with photographs. Two part adhesive that permanently bonds mirror buttons to windshields. Achieves handling strength in seconds, and mirror mounting strength in 30 minutes. ODC free. NOT designed for PLASTIC buttons. See video demo online at permatex.com.

Suggested Applications: All foreign

and domestic metal rearview mirror mounting buttons

Item #	Container Size	Pack
09102	1 kit, clamshelled	6

Permatex® Complete Rear Window Defogger Repair Kit

Complete kit contains everything required for making professional-quality repairs in just minutes. State-of-the-art components and easy-to-follow instructions with photographs. Provides a low-cost, high-quality repair for damaged rear window defogger grids and tabs. Quick Grid™ is the result of a joint research project with the General Motors Research Center.

Suggested Applications: Rear window defogger grids and tabs

Item #	Container Size	Pack
09117	1 kit, clamshelled	6

Specialized Maintenance & Repair

Specialized Maintenance

Professional Repair Systems

Permatex® Fuel Tank Repair Kit

Eliminates dangerous welding. Complete kit contains everything required for making professional-quality permanent repairs in just minutes. Includes state-of-the-art components and easy-to-follow instructions with photographs to make quick permanent repairs to leaks in all types of metal fuel tanks. It repairs cracks up to 4" (10cm) long and holes up to 3/8" (9mm) in diameter. Repair will be complete when the resin cures in 30 minutes. Tank may be refilled after 30 minutes or when the repair is tack free. The repair resin is

designed to harden within 8 – 10 minutes and cures in 30 minutes. Repairs can be made ideally at temperatures from 50°F to 75°F (10°C to 24°C). Repairs made at lower temperatures will take longer to cure. Repairs can be made on slow leaking cracks up to 4 inches in length and holes up to 3/8 inch in diameter. (THIS PRODUCT IS NOT FOR USE ON PLASTIC FUEL TANKS).

Suggested Applications: Ideal for cars, light trucks and commercial vehicles; portable metal fuel tanks, metal car fuel tanks

Item #	Container Size	Pack
09101	1 kit, clamshelled	6

* See also Permatex® Gas Tank & Radiator Repair on page 45.

Permatex® Plastic Tank Repair Kit

Complete kit contains everything required for making professional-quality permanent repairs in just minutes. State-of-the-art components and easy-to-follow instructions with photographs. Repairs all types of plastic tanks. The repair resin is designed to harden within 8 – 10 minutes and cures in 30 minutes. Repairs can be made ideally at temperatures from 50°F to 75°F (10°C to 24°C). Repairs cracks up to 4 inches in length and holes up to 3/8 inch in diameter. (THIS PRODUCT IS NOT FOR USE ON PLASTIC FUEL TANKS).

Suggested Applications: Ideal for cars, trucks, boats and RV's; windshield washer reservoirs, radiator overflow tanks, coolant reservoirs, water tanks, waste tanks

Item #	Container Size	Pack
09100	1 kit, clamshelled	6

Permatex® Radiator Repair Kit

Complete kit contains everything required for making a professional-quality permanent repairs in just minutes. Includes easy-to-follow instructions with photographs. Formulated to repair all plastic and metal radiator tanks. The repair resin is designed to harden within 8 – 10 minutes and cures in 30 minutes. Repairs can be made on cracks up to 4 inches (10cm) long and holes up to 3/8 inches (9mm) in diameter. Seals small holes and weak seams in gas tanks without welding or tank removal.

Suggested Applications: Plastic and metal radiator tanks in cars, light trucks and RV's

Item #	Container Size	Pack
09104	1 kit, clamshelled	6

* See also Permatex® Gas Tank & Radiator Repair on page 45.

Permatex® Stripped Thread Repair Kit

Makes reliable thread repairs without drills, taps, tools or inserts. Restores worn, stripped or damaged threads and eliminates future corrosion, galling, seizing and rust. Effective up to 128 ft. lbs. of torque and between -65°F to 300°F (-54°C to 149°C). Repairs most metal-to-metal fasteners up to SAE grade 5 English and 8.8 metric (coarse and fine).

Suggested Applications: Intake manifold bracket fastener threads, timing chain cover bolt threads, valve cover bolt threads, water pump bolt threads

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack
81668	1 kit, clamshelled	6

See also page 26.

Damaged threads on the left and repaired on the right with Permatex® Stripped Thread Repair.

Fabric, Vinyl & Fiberglass Repair

Permatex® Fabric Repair Kit

Repairs automobile upholstery, carpet, clothing and furniture. Matches popular colors and textures. Contains: 7 assorted colors of fabric repair compound, 2 cups fabric air dry adhesive, screen applicator, application spatula, mixing bottle, instruction card with color matching chart.

Suggested Applications: Automotive and home fabric upholstery and carpet, clothing

Item #	Container Size	Pack
25247	1 kit, clamshelled	6

Permatex® Fiberglass Patch Kit

Complete epoxy-based kit for bridging holes and rusted areas in metal, wood, and fiberglass. Includes one 1 fl. oz. tube of resin, one 1 fl. oz. tube hardener, fiberglass cloth, spreader and mixing stick

Suggested Applications: Automotive and marine applications

Item #	Container Size	Pack	Old P/N
80265	1 kit, clamshelled	6	FK-98

Permatex® Ultra Series Vinyl & Leather Repair Kit

A complete professional kit with plug-in electric heat iron to make professional style repairs. Contains: professional electric heat tool, 7 intermixing colors of repair compound, clear vinyl adhesive and filler (net .34 fl. oz.), grain pattern paper, metal spatula, plastic dashboard hardening powder.

Suggested Applications: Repairs cracks, tears, holes and burns in dashboards, vinyl and leather upholstery and vinyl tops, marine upholstery, luggage

Item #	Container Size	Pack	Old P/N
81781	1 kit, clamshelled	6	VR-8A

Permatex® Vinyl & Leather Repair Kit

A complete DIY repair kit for home, automotive, and marine vinyl and leather upholstery. Contains: heat transfer tool, 7 colors of repair compound, clear vinyl adhesive and filler (net .34 fl. oz.), grain pattern paper, plastic spatula, and instruction sheet with color matching chart.

Suggested Applications: Repairs tears, holes, burns, gashes, and gouges in vinyl and leather upholstery, infant car seats, chairs, stools, luggage

Item #	Container Size	Pack	Old P/N
80902	1 kit, clamshelled	6	VR-1A

Permatex® Super Clear Vinyl Sealant Repair Kit

Makes invisible repairs from rips, cuts and tears to upholstery, luggage, clothing, etc. Contains: clear vinyl sealant and filler (net 1.5 fl. oz.), special applicator nozzle, grain pattern paper.

Suggested Applications: Rips and cuts in luggage, rainwear, vinyl boots, automotive, marine and home upholstery

Item #	Container Size	Pack	Old P/N
81786	1 kit, carded	12	VR-12A

Specialized Maintenance & Repair

Specialized Maintenance

Exhaust System Repair

Permatex® Muffler & Tailpipe Bandage

Epoxy-impregnated fiberglass bandage chemically welds mufflers and tailpipes. Permanently repairs holes and leaks in exhaust systems saving costly part replacement. Seals out poisonous fumes to temperatures of 800°F (426°C).

Suggested Applications: Mufflers and tailpipes on automobiles, trucks, tractors and farm equipment

Item #	Container Size	Pack	Old P/N
80331	84 sq. in. bandage, carded	12	MB-1
80332	120.54 sq. in., carded (jumbo size)	12	MB-2

Permatex® Muffler & Tailpipe Putty

Permanently repairs holes and leaks in exhaust systems. Seals out fumes at temperatures up to 2000°F (1000°C). Safe for catalytic converters. 2-pouch bonus pack.

Suggested Applications: Mufflers, tailpipes, joints and catalytic converters

Item #	Container Size	Pack	Old P/N
80333	4 oz. net wt. (2 foil pouches, carded)	12	MP-1

Permatex® Muffler & Tailpipe Sealer

Seals holes and leaks in mufflers, tailpipes and around joints. Makes new installations more secure. Resists temperatures to 2000°F (1000°C).

Suggested Applications: Mufflers, tailpipes, joints and catalytic converters

Item #	Container Size	Pack	Old P/N
80335	3 oz. tube, carded	12	MTK-1

Permatex® 1000° Plus™ Exhaust Repair Kit

Complete kit for repairing cracks and splits in mufflers, tailpipes and exhaust pipes. Withstands temperatures over 1000°F (540°C). Kit contains ready-to-use foil-packed bandage and support wire.

Suggested Applications: Mufflers and tailpipes on automobiles, trucks, tractors and farm equipment

Item #	Container Size	Pack	Old P/N
80334	1 bandage, 1 support wire, carded	12	MRK-1

Permatex® Hi-Temp Metal Repair Compound

Makes long-lasting repairs to high-temp, low pressure exhaust leaks from the exhaust manifold to the muffler. Gets stronger with heat up to 2000°F. One-part, water-based ceramic is safe and easy-to-use.

Suggested Applications: Cracked and broken exhaust manifolds, headers, furnaces

Item #	Container Size	Pack
26346	20 g pouch, carded	6

Brake Maintenance & Repair

Permatex® Disc Brake Quiet

Stops brake squeal by dampening vibration at caliper/brake pad interface. Provides tighter fit and allows for easier disassembly. Protects against corrosion. Compatible with anti-lock brake systems. This product contains an elastomeric polymer for use with brake pads not having anti-squeal shims. Aerosol - Level 3 ▲

Suggested Applications:

Automotive disc brakes, out board and inboard pads for disc braking systems, disc brake pads without anti-squeal shims

Item #	Container Size	Pack	Old P/N
80729	.5 fl. oz. (2 -.25 fl. oz. pouches), carded	12	126VR
80077	12 oz. aerosol can, 9 oz. net wt.	12	127MA

See also page 50.

Permatex® Ultra Disc Brake Caliper Lube

An environmentally-friendly, green, non-melting, synthetic lubricant. It is formulated to lubricate under the most adverse brake conditions, assuring that critical caliper pins, sleeves, bushings and pistons remain lubricated throughout pad life.

Suggested Applications: Caliper pins, sleeves, bushings and pistons

Item #	Container Size	Pack
20353	2 oz. tube with nozzle	6
20356	10 g (2-5 g pouches), carded	6
24110	8 oz. brush-top bottle	6
09977*	4 g pouches	480

* See also page 35.

Radiator & Fuel Tank Repair

Permatex® Instant Gas Tank Repair

Instantly seals small holes in gas tanks without tank removal. Sticks to "gasoline-wet" metal. Dries to a hard seal. Hardens in 60 minutes. Easy-to-use, two-part epoxy ribbon. No measuring. Permanent. (THIS PRODUCT IS NOT FOR USE ON PLASTIC GAS TANKS.)

Suggested Applications: Gas tanks in cars, trucks, farm equipment

Item #	Container Size	Pack
12020	1 oz. stick, carded	12

* See also Permatex® Professional Repair Systems Fuel Tank Repair Kit on page 42.

Permatex® Gas Tank & Radiator Repair

Seals small holes and weak seams in gas tanks without welding or tank removal. Repairs leaks and holes in all types of radiators. Hardens in 60 minutes, permanent. (THIS PRODUCT IS NOT FOR USE ON PLASTIC GAS TANKS.)

Suggested Applications: Holes and seams in gas tanks, radiators or gas cans

Item #	Container Size	Pack	Old P/N
80884	1 oz. stick, carded	12	GTR-1

* See also Permatex® Professional Repair Systems Radiator Repair Kit on page 42.

Wiper Blade Maintenance

NEW! Permatex® Wiper Restore™

A quick and easy solution to keep your wipers in top performing condition. Wiper Restore is a water-based, silicone emulsion formula with a special surfactant to aid in the cleaning, softening, and conditioning of wiper blade rubber. This increases flexibility and helps to minimize various wiper performance issues, such as, chatter, streaking, and skipping. This special formula is alcohol and petroleum free, so it will not deteriorate blade rubber.

Suggested Applications: Windshield wipers

Item #	Container Size	Pack
16050	1.25 g pouch (48 pouches in 1 display box)	1

* See also page 55.

Lubricants *Introduction*

Environmentally Friendly Lubricants

A product that is safe for the environment without sacrificing performance....B Force™ is our bio-based and biodegradable lubricant and penetrant for today's go-green consumers.

Multipurpose Lubricants

Widely known and trusted, these tried and true Permatex® lubricants work to protect and lubricate virtually every automotive part and component.

Specialty Lubricants

From special-mission, job-specific lubricants, protectants and dressings, to the rigors of heavy-duty needs, count on Permatex® to bring you reliability and problem-solving solutions that extend the life of your equipment.

Environmentally Friendly Lubricants

Best for the job. Better for the planet.

**B Force™ Multipurpose Lubricant...
a force of nature that's easy on the environment.**

Permatex® B Force™ Multipurpose Lubricant

A biodegradable lubricant and penetrant that performs as well or better than traditional petroleum-based products. Formulated from renewable feedstock base, B Force™ is safe to use for a variety of home, auto, and industrial applications. Unlike petroleum-based formulas, B Force™ will not pollute the water or soil and will not harm children and pets. It penetrates into close tolerance areas, providing a thin protective film that lubricates and prevents corrosion. Aerosol - Level 3 ▲

Suggested Applications: Lubricates door hinges, latches, garage door tracks, seat tracks, brake cables, chains, air tools, and thousands of other applications. Protects frozen and rusted bolts, nuts and fittings.

Item #	Container Size	Pack
80059	12 oz. aerosol can, 8 oz. net wt.	6

Permatex® B Force™ Hydraulic Jack Oil

Renewable, biodegradable and non-hazardous hydraulic oil for use in general purpose hydraulic systems. Improves lubrication and prevents rust and sludge buildup. Permits hydraulic actuator to function properly in temperatures from -49°F to 120°F (-45°C to 48°C). Maintains proper viscosity. Contains antioxidant, anti-rust and anti-wear additives for maximum service life. Noncorrosive formula that meets or exceeds the requirements of all major hydraulic equipment manufacturers and meets the requirements for Type I, II and III hydraulic tools.

Suggested Applications: Floor lifts, motorcycle front forks, hydraulic hand jacks, rebuildable rear shocks, hydraulic vane, piston and gear pumps, floor jacks, fork lift gates, pallet jacks, tilt cab systems, all ISO 32 viscosity specified applications

Item #	Container Size	Pack
80051	1 quart bottle	12
80056	1 gallon bottle	6

Lubricants

▲ NFPA Fire Code 30B

Lubricants *Multipurpose Lubricants*

Permatex® Ultra Slick® Synthetic Multi-Purpose Lubricant with PTFE

A grease based formula for high load applications. Can be used on any moving parts to provide better, longer lasting lubrication that withstands higher temperatures and is safe on more surfaces. It withstands temperatures from -45°F to 350°F (-42°C to 177°C), 450°F (232°C) intermittent. Level 3 ▲

Suggested Applications: Hood support bushings, latch assemblies, hinges, door checks, trunk locks, weather stripping, mechanical linkages, o-rings, seat tracks, cams, headlight seals, antenna base threads, nuts and studs; and other moving parts

Item #	Container Size	Pack
81943	12 oz. aerosol can, 11 oz. net. wt.	6

Permatex® Fast Break® Super Penetrant

Heavy-duty penetrant for rusted and frozen assemblies. Works quickly to penetrate and loosen rust, tar, grease, dirt, carbon deposits and corrosion from metal parts. Frees frozen nuts, bolts and fittings in all types of assemblies. Level 3 ▲

Suggested Applications: Lubricates to free any corroded or seized part. Penetrates rust, scale, paint, varnish, carbon or gum

Item #	Container Size	Pack	Old P/N
80052	16 oz. aerosol can,	12	68DA
	12 oz. net wt.		

Permatex® White Lithium Grease

All-purpose white lubricant for metal-to-metal and metal-to-plastic applications. Protects against rust and makes surfaces friction-free. Stainless. Contains no ODCs. Withstands moisture and high heat. Level 3 ▲

Suggested Applications: Door hinges, hood latches, trunk latches, hatchback struts, seat tracks, garage door and delivery truck door tracks

Item #	Container Size	Pack	Old P/N
81981	16 oz. aerosol can,	12	195DA
	10.75 oz. net wt.		
80345	1.5 fl. oz. tube, carded	12	WL-9

Permatex® Silicone Spray Lubricant

Lubricates and waterproofs all types of mechanical equipment. Stops friction and squeaks. Prevents locks, doors and windows from binding. High silicone formula does not attract dust or dirt. Protects and renews rubber mountings, bushings and weatherstripping. Prevents binding, sticking and deterioration. Non-gumming. Will not mar paint, rubber or plastic surfaces. Waterproofs. Level 1 ▲

Suggested Applications: Lubricates door locks, trunk lids, brake cables and rubber molding

Item #	Container Size	Pack	Old P/N
80070	16 oz. aerosol can,	12	116DA
	10.25 oz. net wt.		

Specialty Lubricants

Permatex® Chain Lube

Cleans, lubricates, extends life and protects all types of roller chains, gears and cables that operate under exposed conditions. Easy-to-apply foaming action assures effective application. Repels dirt, sand, dust. Minimal "throw - off". Contains no ODC's. Level 3 ▲

Suggested Applications: Ideal for any chain-driven tool or vehicle such as motorcycles, mopeds, chainsaws, lawnmowers and bicycles

Item #	Container Size	Pack	Old P/N
80075	6 oz. aerosol can,	12	122GA
	5 oz. net wt.		

Permatex® Belt Dressing & Conditioner

Extends belt life. Penetrates the cord fibers of "V" belts to restore pliability and flexibility. Prevents belt slippage due to heat, cold, dampness, dust and glazing. Eliminates squeaking and slipping. Level 1 ▲

Suggested Applications: Fan belts, water pumps, power steering, sewing machines, washing machines, air conditioners, lawn mowers and power tools

Item #	Container Size	Pack	Old P/N
80073	16 oz. aerosol can, 12 oz. net wt.	12	120DA

Specialty Lubricants — Anti-Seize

Permatex® Anti-Seize Lubricant

A highly refined blend of aluminum, copper and graphite lubricants. Use during assembly to prevent galling, corrosion and seizing due to weathering or chemicals. Anti-Seize assures easier disassembly. Temperature range: -60°F to 1600°F (-51°C to 871°C). Salt, corrosion and moisture resistant – ideal for marine use. Non-aerosol version meets Mil Spec #907E. Aerosol - Level 3 ▲

Suggested Applications: For easy removal of spark plugs, cylinder head and exhaust head bolts; apply to anchor pins on brake assemblies, u-bolts and spring bolts, hinges, gears, chain, sprockets and rollers

OEM INTERCHANGE, see pgs. 84-89

Item #	Container Size	Pack	Old P/N	Item #	Container Size	Pack	Old P/N

Permatex® Copper Anti-Seize Lubricant

A premium quality copper anti-seize and thread lubricant that may be used to prevent seizing, corrosion and galling where high temperature conditions exist. Contains a high percentage of micro-fine copper flakes in a semi-synthetic grease carrier and is fortified with high quality rust and corrosion inhibitors. Temperature range: -30°F to 1800°F (-34°C to 982°C). Provides

good electrical conductivity. Meets Mil Spec #907E.

Suggested Applications: Spark plug threads installed in aluminum, exhaust manifold bolts, engine bolts, oxygen sensors, knock sensors, thermostat housing bolts, and fuel filter fittings

Item #	Container Size	Pack
31163	16 oz. brush-top bottle	12
09128	8 oz. brush-top bottle	6

Permatex® Nickel Anti-Seize Lubricant

Protects metal parts from seizing and galling at temperatures up to 2400°F (1316°C). It is recommended where copper contamination must be avoided, under conditions of extreme pressure and temperature, and with stainless steel, titanium and nickel alloys.

Suggested Applications: Exhaust manifold bolts, exhaust system bolts, muffler clamps and tailpipe assemblies

Item #	Container Size	Pack	Old P/N
77124	8 oz. brush-top bottle	12	771
77164	16 oz. brush-top bottle	10	—

Lubricants

Lubricants *Specialty Lubricants – Brake Lubes*

A lubricant that handles extreme heat and lasts throughout the life of the pad....

Permatex® Ceramic Extreme Brake Parts Lubricant

A 100% synthetic formula, coupled with real ceramic solids make this premium brake lubricant our longest lasting, most temperature resistant way to silence brake noise. Effective from -50°F to 3000°F (-46°C to 1649°C), this product maintains its lubricating integrity under the most extreme conditions. Resistant to corrosion and contaminants, it will not wash out.

Suggested Applications: Disc brake caliper hardware, bushings, pistons, rubber sleeves and seals

Item #	Container Size	Pack
24125	8 fl. oz. brush-top bottle	6
24124	8 g (2-4 g pouches), carded	6
09973*	4 g pouch	480

* See also page 35.

Permatex® Ultra Disc Brake Caliper Lube Hi-Temp Silicone Formula

A silicone-based synthetic lubricating compound with outstanding temperature resistance. Fortified with moly for superior performance in high pressure conditions, this product provides continuous lubrication and has no dropping point. Temperature range -65°F to 550°F (-54°C to 288°C) intermittent. Maintains a grease-like consistency and will not liquefy, even at extreme temperatures.

Suggested Applications: Disc brake caliper pins, slides, bushings, pistons and rubber sleeves

Item #	Container Size	Pack
24115	8 fl. oz. brush-top bottle	6

Permatex® Ultra Disc Brake Caliper Lube

An environmentally-friendly, green, non-melting, synthetic lubricant. It is

formulated to lubricate under the most adverse brake conditions, assuring that critical caliper pins, sleeves, bushings and pistons remain lubricated throughout pad life.

Suggested Applications:

Caliper pins, sleeves, bushings and pistons

Item #	Container Size	Pack
85188	.5 oz. tube	6
20353	2 oz. tube with nozzle	6
20356	10 g (2-5 g pouches), carded	6
24110	8 fl. oz. brush-top bottle	6
09977*	4 g pouch	480

* See also pages 35 & 45.

Permatex® Disc Brake Quiet

Stops brake squeal by dampening vibration at caliper/brake pad interface. Provides tighter fit and allows for easier disassembly. Protects against corrosion. Compatible with anti-lock brake systems. This product contains an elastomeric polymer for use with brake pads not having anti-squeal shims. Aerosol - Level 3 ▲

Suggested Applications:

Automotive disc brakes, outboard and inboard pads for disc braking systems, disc brake pads without anti-squeal shims

Item #	Container Size	Pack	Old P/N
80729	.5 fl. oz. (2 -.25 fl. oz. pouches), carded	12	126VR
80077	12 oz. aerosol can, 9 oz. net wt.	12	127MA

See also page 45.

Specialty Lubricants

Permatex® Dielectric Tune-Up Grease

Protects electrical connections and wiring from salt, dirt and corrosion. Extends the life of bulb sockets. Prevents voltage leakage around any electrical connection. Also prevents spark plugs from fusing to boots. Required for modern high energy ignition systems.

Suggested Applications: Marine and automotive electrical connections, spark plug boots, and trailer hitches

Item #	Container Size	Pack	Old P/N
81150	.33 oz. tube, carded	12	67VR
81153	3 oz. Power Can, stand-up carded	6	—
22058	3 oz. tube, carded	6	—
09980*	4 g pouch	480	—

* See also pages 35 & 37.

Permatex® Tune-Up Kit

Easy-to-use, two-part kit contains both Dielectric Grease and Anti-Seize Lubricant. Dielectric Grease protects spark plug boots and electrical connections from corrosion, while extending the life of rotor caps in all modern vehicles. Anti-Seize Lubricant is used on spark plugs before installation to prevent thread damage and allow for easy removal of spark plugs later.

Suggested Applications: Electrical connections, spark plug boots, rotor caps

Item #	Container Size	Pack
26984	.33 oz. tube & .18 oz. pouch, carded	6

See also page 36.

Permatex® Bulb/Lamp & Electrical Connector Dielectric Grease

Increases performance and extends service life of bulbs and lamps by preventing voltage leakage and protecting electrical connections from moisture, dirt and corrosion. Great lubricating properties ease the disassembly process. Protects rubber, plastic, ceramic and metal surfaces.

Suggested Applications: Headlamps, lighting bulbs for: instrument panel, glove compartment, inside door trim, interior courtesy lamps, parking & turn signals, brake lights, license plate lights,

trunk and hood lamps; also for fuses, ignition components and other electrical connections.

Item #	Container Size	Pack
31824	.10 oz. dose, carded	12

See also page 37.

Permatex® Ultra Slick™ Engine Assembly Lube

Proper lubrication of metal mating surfaces is essential prior to starting a new or rebuilt engine. Ultra Slick™ adheres to component surfaces to prevent scuffing and galling during initial start-up. This high quality formulation meets or exceeds OEM performance specs for engine assembly lubricants.

Suggested Applications: Engine bearings, camshafts, lifters, valves, guides and rocker shaft assemblies

Item #	Container Size	Pack
81950	4 oz. bottle	12

A slick way to maintain your 5th wheel. Designed by a trucker for a trucker. Simply place one envelope on each side of king pin on trailer or on each side of fifth wheel plate near the base. Lubricant pouch will burst upon engagement between tractor and trailer.

Permatex® Fifth Wheel Lubricant

Effectively and conveniently lubricates 5th wheel top plates. Premeasured grease comes in handy pouch, requires no tools, creates no mess. Packaging disintegrates leaving no waste. Graphite lubricant designed for heavy duty applications and effective at extreme temperatures and environmental conditions.

Suggested Applications: All Fifth Wheel applications, sliding and oscillating to all vehicle types

Item #	Container Size	Pack
01010	60pk display carton	4
01020	350pk bulk carton	1

Lubricants

Cleaners *Introduction*

Cleaners

To meet the needs of the professionals and DIYers alike, our automotive cleaners have gained wide acceptance as the highest quality products available of their kind.

Specialty Cleaners

To dissolve rust, clean plastic or remove gum and deposits from parts, there is a Permatex® specialty cleaner that will do the job. Permatex offers a complete line of professional strength cleaners that meet the highest standards and quality.

Spray Nine® Cleaners

Spray Nine® is a line of ready-to-use specialty cleaning solutions with 50 years of effective cleaning across industrial, institutional, government, automotive and home markets.

Cleaners

Permatex® Pro-Strength Brake & Parts Cleaner

Aggressively penetrates, dissolves, and removes oil, grease, and brake fluid. Dries fast with no residue. Developed for brake professionals. Contains no ODCs. Level 1 ▲

Suggested Applications: All brake systems, C.V. joints, machinery, tools, farm equipment

Item #	Container Size	Pack
82606*	20 oz. aerosol can, 19 oz. net wt.	12
26630*	24 oz. aerosol can, 23.75 oz. net wt.	12

* Not for sale or use in the states of California and New Jersey.

Permatex® Non-Chlorinated Brake & Parts Cleaner

Penetrates, dissolves and removes dirt and oil from brake systems and metal parts. Safer for aluminum. Leaves no contaminant-attracting residue or chlorinated solvent run-off. Helps manage EPA halide limits. Level 3 ▲

Suggested Applications: All brake systems, C.V. joints, machinery, tools, farm equipment

Item #	Container Size	Pack
82220*	20 oz. aerosol can, 14.5 oz. net wt.	12
82450**	20 oz. aerosol can, 14.5 oz. net wt.	12

* Not for sale or use in the state of California.

** VOC compliant in all 50 states.

Cleaners

NEW! Permatex®
Eliminator® III Engine Degreaser

New formula contains no petroleum distillates. Foaming action quickly dissolves and removes grease, oil and dirt from all types of equipment. Cleans iron, steel, aluminum, magnesium and copper. Not harmful to metal, rubber, plastic, or concrete. Rinses off easily with water. Level 3 ▲

Suggested Applications: Engines, garage floors, tools, machinery

Item #	Container Size	Pack	Old P/N
80043	20 oz. aerosol can, 15 oz. net wt.	12	48TA

Permatex® Motor Muscle®
Throttle Body, Carb & Choke Cleaner

OEM certified. A blend of solvents specifically formulated to dissolve and clean the residue deposited on carburetors and chokes during the normal operation of a motor vehicle or other gasoline engine-powered equipment. High pressure spray cuts and removes grease and varnish. VOC compliant in all 50 states. Oxygen sensor-safe. Improves engine performance. Level 3 ▲

Suggested Applications: Manual and automatic chokes, baffle plates, air intakes, carburetors, linkages, throttle bodies, heat risers, PCV valves

Item #	Container Size	Pack
80279	16 oz. aerosol can, 12 oz. net wt.	12

Permatex® Carburetor
& Parts Cleaner

Excellent cold parts immersion cleaner. Removes grease, gum, varnish, paint and barrel carbon from carburetor assemblies and all metal parts. Works on all types of engines and equipment.

Suggested Applications: Removes gum and deposits on throttle plates or choke plates; removes grease from all metal parts

Item #	Container Size	Pack	Old P/N
82580	3.5 gallon pail with dip basket	1	46YB

NEW! Permatex® Heavy
Duty Aluminum Radiator Flush

Removes rust, oxidation and scale deposits from automotive engines, radiators and water jackets. Improves cooling system's operation. Mild, organic acids clean coils and boiler tubes, effectively removing radiator rust and scale deposits. Noncorrosive formula, ideal for passenger car and light duty truck use.

Suggested Applications: Engines, aluminum radiators,

water jackets, industrial and maintenance applications

Item #	Container Size	Pack
80032	22 fl. oz. plastic bottle	12

Permatex® Heavy Duty
Radiator Cleaner

Removes rust and scale from automotive engines, radiators and water jackets. Cleans and unclogs steam cleaner coils and boiler tubes. Not for use in aluminum radiators.

Suggested Applications: Engines, radiators, water jackets, industrial and maintenance applications

Item #	Container Size	Pack	Old P/N
80030	1 qt. plastic bottle	12	18E

Cleaners *Specialty Cleaners*

NEW! Permatex® SaferScraper™ Plastic Scraper

A safer alternative to metal razor blades... this specially designed hard plastic double-edged razor blade can be used for a variety of cleaning and scraping applications. Ideal for removing decals, bugs, tar and paint without scratching or harming the body paint underneath. Also great for removing gaskets from a plastic or aluminum flange. The durable plastic holder is designed to fit well in the hand for extra flexibility and fits standard metal razor blades if the job requires it.

Suggested Applications: Removes solvent-based sealants, baked-on gaskets, weatherstrip adhesive, dried oil, grease and paint

P/N	Container Size	Pack
80190	scraper & 2 refillable blades, carded	12

See also page 16. Ideal for use with Permatex® Decal & Adhesive Remover on this page and Permatex® Gasket Remover on page 16.

NEW! Permatex® Decal & Adhesive Remover

This fast-acting formula quickly removes adhesive residue, decals, bumper & window stickers, tape, tar, sap, bugs, grease, and other sticky substances. This versatile adhesive remover contains no acetone and is safe for use on virtually any surface including windows, auto body paint, bumpers, vinyl, leather, fabric, metal, plastic, and wood. VOC compliant, its pleasant citrus scent is safe for indoor use. Level 1 ▲

Suggested Applications: Cars, trucks, motorcycles, trailers, snowmobiles, waverunners, atvs, boats, helmets, tools, equipment, and appliances.

Item #	Container Size	Pack
80025	6 oz. aerosol can, 5 oz. net wt.	12

Ideal for use with Permatex® SaferScraper.™

Permatex® Battery Cleaner

Spray it on and wash corrosion off. Works in just three minutes. Penetrates and removes corrosion, dirt and grime instantly. Cleans all types of storage batteries and attachments in emergency power supply systems. Level 1 ▲

Suggested Applications: Automotive, marine, farm machinery and motorcycle batteries, cables, and terminal connections

Item #	Container Size	Pack	Old P/N
80369	6 oz. aerosol can, 5.75 oz. net wt.	12	SA-8

See also page 37.

NEW! Permatex® Electrical Contact & Parts Cleaner

Suited for cleaning electrical and electronic devices, this fast evaporating, noncorrosive cleaner leaves no residue. It removes grease, dirt, oil, flux and other surface contaminants. Designed to be an alternative to CFC-113, 1,1,1-trichloroethane and perchloroethylene solvents. Level 1 ▲

Suggested Applications: Electronic parts: circuit boards, computer components, relay switches, etc. Electric parts: electric motors, generators, starters, pumps, motor windings, solenoids, compressors, etc.

Item #	Container Size	Pack
82588	16 oz. aerosol can, 11 oz. net wt.	12

VOC compliant in all 50 states.

Permatex® Rust Dissolver Gel

Chemically dissolves rust from all iron and steel surfaces. Brush or spray on, wash off rust with cloth. Replaces sanding and scraping.

Suggested Applications: Iron and steel surfaces on cars, trucks, motorcycles

Item #	Container Size	Pack	Old P/N
81756	8 fl. oz. bottle	12	NJ-1A
82138	12 fl. oz. trigger spray bottle	6	

See also page 38.

Permatex® Paint Stripper

Quickly strips and removes unwanted paint from metal surfaces. Eliminates costly and time-consuming sanding and scraping. Works in 10-15 minutes at temperatures from 40°F to 100°F (5°C to 38°C). Level 2 ▲

Suggested Applications: Various types of paint

Item #	Container Size	Pack	Old P/N
80577	16 oz. aerosol can, 12 oz. net wt.	12	161DA

Specialty Cleaners

**Permatex® Fast Orange®
Glass & Multi-Surface Cleaner**

A professional strength aerosol made with our original “no-streak, non-runny orange scented formula” that cleans and deodorizes practically any surface. Can be used on a wide variety of surfaces. Level 1 ▲

Suggested Applications: Glass, stainless steel, aluminum, chrome, vinyl, plastic, enamel, laminate and more. Safe for use on film-tinted windows.

Item #	Container Size	Pack
25544	20 oz. aerosol can, 18.75 oz. net wt.	6

**NEW! Permatex®
Wiper Restore™**

A quick and easy solution to keep your wipers in top performing condition. Wiper Restore is a water-based, silicone emulsion formula with a special surfactant to aid in the cleaning, softening, and conditioning of wiper blade

rubber. This increases flexibility and helps to minimize various wiper performance issues, such as, chatter, streaking, and skipping. This special formula is alcohol and petroleum free, so it will not deteriorate blade rubber.

Suggested Applications: Windshield wipers

Item #	Container Size	Pack
16050	1.25 g pouch (48 pouches in 1 display box)	1

* See also page 45.

Absorbent / Spill Containment / Spill Cleanup

Permatex® PermaSorb™ Multi-purpose Cellulose Absorbent

The clay alternative...several times more absorbent than clay. Safely absorbs all liquids including oil, coolant, ATF, brake fluid, paint and solvents on contact. It effectively turns spills from liquid to solid. Made from 100% reclaimed unbleached wood cellulose fiber. Contains no carcinogens that may cause respiratory hazard making it safe for user to handle. Biodegradable fibers lock liquids to prohibit leeching into soil. Absorbs coolant better than alternatives. Light product weight makes package handling easy to use. Environmentally friendly, it can be disposed in a landfill or by incineration or bioremediation.

Suggested Applications: Spills on garage floors, shop floors, driveways, sidewalks

Item #	Container Size	Pack
38490	15 lb. bag	1

Cleaners **NEW!** Spray Nine® Brand Cleaners

The most versatile power tool for cleaning, disinfecting, deodorizing, and degreasing...all in one convenient formula!

Spray Nine® Multi-Purpose Cleaner & Disinfectant

The original...first ready-to-use spray cleaner for fast cleanup, degreasing and automotive detailing. This water-based cleaning solution contains no petroleum solvents. USDA approved, it safely cleans and degreases, as well as disinfects surfaces from harmful viruses, germs and bacteria. It removes dirt, mud, road film, bug splatter, grease, oil, brake dust, tar, light rust, ashes, soot, silt, smoke stains, carpet stains, mildew stains, mold, carbon deposits, fresh paint, fingerprints, and more! Also helps control mold and mildew, destroys bacterial odors and reduces cross contamination of germs.

Suggested Applications: Vinyl, plastics, rubber, tires, bumpers, convertible tops, dashboards, upholstered seats, consoles, steering wheels, interiors, mats, engines, tools, toolboxes, equipment, garbage pails, countertops, keyboards, workbenches, vinyl siding, showers, and more

Item #	Container Size	Pack

Spray Nine® Non-Butyl Cleaner/Degreaser

An environmentally smart cleaner, discover “consideration without compromise” on product quality. Non-Butyl packs Spray Nine’s performance into a biodegradable formula that is compliant with VOC regulations and SARA Title III Act.

Suggested Applications: Tough grease, adhesives, lubricants, fresh paint, smoke deposits, light rust, fingerprints & more.

Item #	Container Size	Pack
87732	32 oz. trigger spray bottle	12
87701	1 gallon capped bottle	4
87705	5 gallon pail	1
87755	55 gallon drum	1

Spray Nine® BBQ Grill Cleaner

This cleaner does double duty as a heavy-duty cleaner and a hard surface disinfectant. Easily dissolves grease, fat & burned-on food for quick cleanup with less effort. Also kills food born germs that contaminate food preparation surfaces, including Salmonella and E.coli in just 45 seconds.

Suggested Applications: BBQ grills, propane tanks, countertops, stainless steel, painted surfaces, BBQ covers, ceramic and tempered glass.

Item #	Container Size	Pack
26706	25 fl. oz. trigger spray bottle	6

Spray Nine® Citrus Blaster™ Heavy Duty Bug, Tar & Asphalt Remover

A bolt of true citrus power. Charged with 25% d’limonene - a pure, powerful solvent. This formula instantly dissolves and lifts away stubborn soils and contains no petroleum solvents. Fresh orange scent. Level 1 ▲

Suggested Applications: Grease, adhesives, carbon based soils, tar, road film, pitch, asphalt, oil, automotive grease, kitchen grease, and fresh paint; concrete floors, tile, chrome, engines, glass, chassis, painted automotive surfaces, vinyl siding, tools, driveways, cook stoves, range hoods and filters.

Item #	Container Size	Pack
15717	17.5 oz. aerosol can	12

Spray Nine® Professional Strength Glass & Stainless Steel Cleaner

Glass & Stainless Steel Cleaner’s clinging action works great even on vertical surfaces to remove dirt, soil, dust, fingerprints & smudges, light grease and more! The ideal way to bring out the sparkling shine hidden in every glass or metal surface without harmful Chlorofluorocarbons (CFC’s). Leaves behind a refreshing lemon scent. Level 1 ▲

Suggested Applications: Windows, mirrors, windshields, sinks, faucets and more! Ideal for industrial, institutional, automotive, food service and household applications

Item #	Container Size	Pack
23319	19 oz. aerosol can	12

Spray Nine® Gloss Car Wash™

Let Gloss Car Wash’s affordable suds make any car look like it just came off the lot! The paint job shows through like new with sparkling gloss and deep color as dirt and road film rinse away. Dilution ratio: 1:240

Suggested Applications: Dirt, grime and road film on cars, trucks, RV’s, trailers and ATV’s

Item #	Container Size	Pack

Appearance Products *Introduction*

No Touch® Brand

A member of the Permatex® portfolio, No Touch® invented the tire care category in 1990 by developing a product that was superior in all respects – innovative, top-notch quality and easy to use. It's patented formulation of its original one-step tire care products revolutionized the category, and No Touch® has been a technology and market leader ever since.

BestDressedNation.com

Our latest advertising campaign features a series of ads, a new website and more! Bestdressednation.com is a community for the No Touch consumer, where all the latest product offerings, information and promotions are showcased. Consumers can join the best dressed nation, upload photos of their best dressed tires, and share with friends.

Tire Care

No Touch® Original Tire Care

This original tire foam established the one-step tire care category. In one easy step, No Touch® Tire Care cleans, shines, and protects your tires. No wiping, no rubbing, no dirty rags. It leaves a rich, satin finish and a protective barrier that prevents surface cracking and discoloration while helping to repel dirt, dust and moisture. Level 1 ▲

Suggested Applications: Blackwall tires

Item #	Container Size	Pack	Old P/N
23549	18 oz. net wt. aerosol can	6	NTBP15-6
23579	21 oz. net wt. aerosol can	6	NT21-6

No Touch® High Shine Tire Care

New and improved High Shine Tire Care provides twice as much shine as the old High Shine formula. The patented formula deep cleans and protects while leaving a long lasting high gloss shine. Guards against premature cracking by providing the maximum level of UV and ozone protection. No wiping, no rubbing, no mess. Just spray and walk away. Level 1 ▲

Suggested Applications: Blackwall tires

Item #	Container Size	Pack	Old P/N
36052	21 oz. net wt. aerosol can	6	NTHS21-6

Tire Dressings

NEW! No Touch® Turbo Wet™ Longer Lasting Tire Shine

A high-tech formula developed to bring your tires a more durable longer lasting extreme high gloss wet finish. Lasts up to 4 times longer than leading aerosol tire shines and withstands exposure to rainfall and car wash. Self-healing formula retains finish even after light scuffing. Precision sprayer helps to minimize overspray. Protects tires from UV damage, ozone and cracking. Level 3 ▲

Suggested Applications: Blackwall tires

Item #	Container Size	Pack	Old P/N
36071	12 oz. net wt. aerosol can	6	NTTW12-6

No Touch® Seriously Wet™ Extreme Tire Shine

Serious tire shine for serious car enthusiasts! Our wettest tire shine sprays on wetter for an exceptionally lasting ultra high-gloss "wet" finish. Provides tires with an irresistibly rich deep black shine. Protects tires from UV and ozone damage. Level 3 ▲

Suggested Applications: Blackwall tires

Interior Care

NEW! No Touch® Interior Detailing Mousse Cleaner/Protectant

Quickly and easily cleans and restores a rich luster to vinyl, plastic and rubber surfaces. This unique mousse formulation allows for easier application control by distributing a rich, satin finish on interior surfaces with no mess, drips, streaks, or overspray. Designed to provide longer lasting protection, this premium formula has a pleasant scent and leaves surfaces with a non-greasy, film-free shine that keeps car interiors looking like new. Formula also features UV protectant and anti-static dust repellent.

Suggested Applications: Interior surfaces, vinyl, polypropylene, rubber, dashboards, consoles, door panels

Item #	Container Size	Pack
36040	11 oz. aerosol can	6

Engine Care

NEW! No Touch® Engine Detailing Kit

No Touch outperforms the all-in-one competition with a complete kit that will maintain that “like new” appearance while keeping parts in good working order. Car enthusiasts know — a clean engine is a well-maintained engine. This two-step system, Heavy Duty Engine Degreaser and Shine 'N' Protect™ Engine Detailer offers safe and powerful formulas that properly clean, shine and protect under-the-hood components while achieving a detailed appearance.

Suggested Applications: All metal, plastic and rubber under the hood components

Prior to using the No Touch® Engine Detail Kit, this engine and its components had a buildup of grease, grime, dirt and dust.

After using No Touch's two-step system, the engine appears clean and is enhanced by a long lasting protective finish.

Hand Cleaners *Introduction*

Permatex hand cleaners are the choice for working hands — offering a wide variety of solutions including, lotions, creams, pastes, soaps, and wipes.

If you need a waterless hand cleaner that really cleans – without turning your hands into sandpaper, brands such as the #1 selling Fast Orange, Ultra Cherry, Blue Label, Trounce, Painter’s Clean, and Grease Grabber have the strength to remove grease, grime, paint, adhesives and all other soils your working hands get into – plus conditioners to prevent your hands from cracking and drying out.

For over 50 years, Permatex® has offered high-quality hand cleaners and has maintained a leadership position through innovation and a concern for users’ needs.

Wherever hands are getting dirty, there’s a place for Permatex® hand cleaners. To meet your growing needs, Permatex® offers a broad selection of product formulations and sizes.

For the most difficult to remove soils...Permatex® has the best products for your working hands.

Waterless Hand Cleaners

Permatex® Fast Orange® - Fine Pumice and Smooth Lotion Hand Cleaner

The #1 selling, biodegradable, waterless, petroleum solvent-free hand cleaner that contains no harsh chemicals, petroleum solvents or ammonia that can sting cuts or abrasions. Pure, fresh-smelling natural citrus power does the cleaning. Fortified with aloe, lanolin, glycerin, and other skin conditioners to soothe raw, rough hands. Fine Pumice or Smooth Formula gently deep cleans the toughest dirt. Works great on laundry stains (smooth lotion only), scuff marks, tile floors, pet odors and many other household cleaning needs.

Suggested Applications: Resins, oil, grease, tar, grime, soil, printers' ink, epoxies, paint, rubber cement, gasket and tile cements

Waterless Hand Cleaners

About our Permatex® Brush-Up™ Bottle

When we surveyed mechanics, they told us that they often have trouble removing deep-down grease and dirt from their hands and around their fingernails. In response, we integrated a bonus Permatex® Nail Brush featuring multi-level bristles, two nail scrapers, and easy-to-grip ridged sides. The Nail Brush easily reattaches to the bottle for convenient storage.

It comes attached to our 15 oz. Brush-Up™ bottles of Fast Orange® Pumice Lotion (#25113), Fast Orange® Smooth Lotion (#23113) and Parr® Painter's Clean™ Hand Cleaner, making it quick and easy to thoroughly clean your hands.

See also pages 65 & 66.

DL® Permatex® Blue Label™ Cream Hand Cleaner

Cream formula waterless hand cleaner. Takes off many difficult to remove substances yet is gentle to hands. Does not leave a greasy feeling after use. The 4.5 lb. can fits most dispensers including Permatex® 95140.

Suggested Applications: Oil, grease, tar, grime, soil, resins, printers' ink, epoxies, paint, rubber cement, gasket and tile cements

Hand Cleaners

Hand Protection *Introduction*

Everyday, technicians' hands come in contact with a variety of harsh chemicals, petroleum based-products and other tough soils. Over time, exposure to these materials can cause serious skin damage and other health problems.

Hand protection is also needed against nicks, cuts and burns while maintaining finger dexterity and feel. Permatex offers a variety of gloves to safeguard technicians' hands from harmful substances and harsh work environments.

Disposable & Mechanics Gloves

NEW!

Permatex® Black 5 mil Nitrile Disposable Gloves

Nitrile gloves are made from a 100% synthetic rubber that provides superior resistance to a wide range of solvents and hazardous chemicals.* Nitrile gloves are suitable for users with natural rubber latex sensitivity. They feature textured fingers that provide a secure grip on dirty parts and tools. Our powder-free 5 mil black Nitrile gloves provide increased durability and protection. When superior chemical resistance is required, Black Nitrile Disposable Gloves provide mechanics with ideal heavy-duty hand protection.

Suggested Applications: Excellent protection from greases, oil, diesel fuel, acids and many petroleum-based products.

Item #	Container Size	Pack
08184	100-ct. Box - Medium	10 boxes
08185	100-ct. Box - Large	10 boxes
08186	100-ct. Box - X-Large	10 boxes

Permatex® Latex Disposable Gloves

Natural latex gloves are ideal for general automotive and industrial repair work.* They fit either hand while providing superior manual dexterity. Lightly powdered, the gloves are easy to put on and take off. Each glove features textured fingers that are ideal for gripping dirty parts and tools. Permatex® Latex Disposable Gloves provide comfortable, all-purpose hand protection at an economical price.

Suggested Applications: Ideal for all mechanical repairs that do not require extensive chemical resistance.

Item #	Container Size	Pack

Permatex® Ultra Rubber Gasket Sealant & Dressing
Item # 85409
 Use with rubber gaskets including valve cover & oil pan gaskets, thermostat housings, transmission pans, intake gaskets, gear boxes, axle assemblies
 Temperature Range: -65°F to 400°F

Permatex® Super 300® Form-A-Gasket® Sealant
Item # 80057
 Valve cover gaskets, compressors, diesel engine heads
 Temperature Range: -65°F to 400°F

Permatex® Copper Spray-A-Gasket® Hi-Temp Adhesive Sealant
Item # 80697
 Cylinder head gaskets, carburetor gaskets, exhaust manifold gaskets, high temp. applications. Compatible with gasoline
 Temperature Range: -50°F to 500°F

Permatex® Aviation Form-A-Gasket® No. 3 Sealant
Item # 80017
 Close-fitting machined surfaces, sealing hoses, solid gasket dressings. Compatible with gasoline
 Temperature Range: -65°F to 400°F

Permatex® Ultra Rubber Gasket Sealant & Dressing
 85409 1 oz. tube, carded

Permatex® Form-A-Gasket® No. 1 Sealant
 80007 1.5 oz. tube, carded
 80008 3 oz. tube, carded
 80003 11 oz. tube, boxed

Permatex® Super "300"® Form-A-Gasket® Sealant
 80057 4 oz. bottle

Permatex® Tack & Seal™ Gasket Sealant
 80938 1.25 oz. tube, carded

Permatex® Copper Spray-A-Gasket® Hi-Temp Adhesive Sealant
 80697 12 oz. aerosol can, 9 oz. net wt.

Permatex® Form-A-Gasket® No. 2 Sealant
 80015 1.5 oz. tube, carded
 80016 3 oz. tube, carded
 80011 11 oz. tube, boxed

Permatex® Aviation Form-A-Gasket® No. 3 Sealant
 80019 4 oz. bottle
 80017 16 oz. bottle

Gasket Dressing Selector

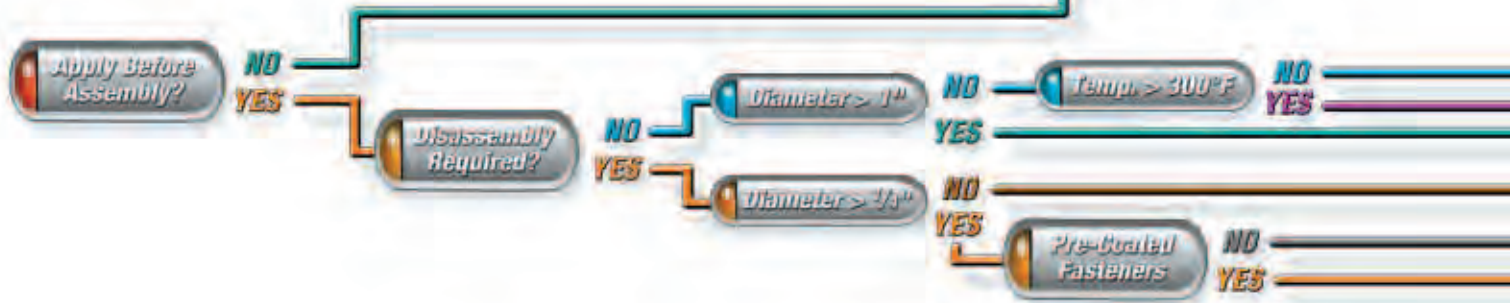

Threadlocker Selector

**Permatex®
Penetrating Grade
Threadlocker GREEN**
Item # 29040
Bolts on alternators,
air conditioning
belts, distributor
clamps, carburetor
adjustment screws,
hairline cracks
Temperature Range:
-65°F to 300°F

Gel Twist™ Application Directions:

1. Remove protective cap.

2. Turn dial to expose 1/8" to 1/4" of material beyond tip.

3. Apply Threadlocker to engagement area of male fitting.

4. Assemble parts and tighten to recommended torque.

**Permatex®
High Strength
Threadlocker RED
Item # 27140**

Cylinder block studs,
rocker arm studs,
ring gear bolts,
frame bolts, shock
absorber bolts
Temperature Range:
-65°F to 300°F

**Permatex®
Permanent Strength
Threadlocker RED
Item # 19962**

Cylinder block
bolts, ring gear
bolts, transmission
shaft bolts
Temperature Range:
-65°F to 300°F

**Permatex®
High Temperature
Threadlocker RED
Item # 27200**

Camshaft sprocket
bolts, idler bearings,
press fit filler tubes,
transmission input
and output shaft
threads, ring gear
or shock bolts
Temperature Range:
-65°F to 450°F

**Permatex®
Large Diameter
Threadlocker RED
Item # 27740**

Frame brackets,
suspension
fasteners, shock
absorber mounts,
wheel studs
Temperature Range:
-65°F to 300°F

**Permatex®
Surface Insensitive
Threadlocker BLUE
Item # 24027**

Rocker studs, rocker
adjustment bolts,
valve cover bolts,
oil pan bolts, disc
brake caliper bolts,
alternator mounting
bolts, pulley assem-
blies, intake bolts
Temperature Range:
-65°F to 300°F

**Permatex®
Medium Strength
Threadlocker BLUE
Item # 24240**

Valve cover bolts, water
pump bolts, oil pan
bolts, rocker adjust-
ment arm nuts, carburetor
studs, case cover bolts,
shift lever nuts, disc
brake caliper bolts,
intake manifold bolts,
alternator mounts
Temperature Range:
-65°F to 300°F

**Permatex®
Low Strength
Threadlocker PURPLE
Item # 24024**

Carburetor screws, relay lock
screws, headlamp screws,
throttle body assembly screws,
choke assembly screws,
fuel injection set screws, body
panel mounting fasteners
Temperature Range:
-65°F to 300°F

**Permatex® Low Strength
Threadlocker PURPLE**

24024 6 ml tube, carded

Motorcycle Applications

Permatex® Dielectric Tune-Up Grease (p.37 & 51)
All electrical connections; spark plug wires

No Touch® Perfect Plastic™ (p.62)
Windshield

Permatex® Ultra Rubber Gasket Sealant & Dressing (p.19)
Rocker Cover Gaskets

Permatex® Vinyl & Leather Repair Kit (p.43)
Seat, backrest, saddle bags

Permatex® High Strength Threadlocker RED or Permatex® High Temperature Threadlocker RED (p.23)
All engine mounting bolts

Permatex® Battery Cleaner (p.37 & 54)

Permatex® Headlight Lens Restoration Kit (p.41)
Headlights, plastic lenses

Permatex® Bulb/Lamp & Electrical Connector Dielectric Grease (p.37 & 51)
All bulb/lamp connections

Permatex® Ultra Copper® Gasket Maker (p.12)
Muffler end caps

Permatex® Brake & Parts Cleaner (p.52)
Brakes and any degreasing project

Permatex® High Temperature Sleeve Retainer (p.27)
Valve guides

Permatex® MotoSeal™ 1 Ultimate Gasket Maker Grey (p.17)
Case halves, carburetor gaskets

Permatex® Silicone Spray Lubricant (p.48)
Left and Right Handgrips

Permatex® Medium Strength Threadlocker BLUE Gel (p.22)
All frame mounting bolts

Permatex® Low Strength Threadlocker PURPLE (p.22)
All small diameter (under 1/4") exterior bolts

Permatex® the Right Stuff® Gasket Maker (p.10 & 11) Transmission housing cover, clutch release cover

Permatex® Ultra Disc Brake Caliper Lube (p.45 & 50) Guide pins, disc brake pad

Permatex® Anti-Seize Lubricant (p.47)
Axle assembly

Permatex® Copper Spray-A-Gasket® Hi-Temp Adhesive Sealant (p.18)
Clutch release cover, cylinder head gaskets

Permatex® Surface Insensitive Threadlocker BLUE (p.22)
Head bolts, case bolts, all shift assembly threads

Permatex® Disc Brake Quiet (p.45 & 50)
Back of brake pads

Permatex® High Performance Thread Sealant (p.23)
Timing hole plug, oil hose fitting

Permatex® Ultra Slick™ Engine Assembly Lube (p.51)
Engine Assembly

Engines

Product

Permatex® High Strength Threadlocker RED (p.23)

Permatex® Anti-Seize Lubricant (p.49)

Permatex® the Right Stuff® Gasket Maker (p.11)

Permatex® Gasket Remover (p.16)

Permatex® High Temperature Thread Sealant (p.25)

Permatex® Medium Strength Threadlocker BLUE Gel (p.22)

Permatex® High Temperature Sleeve Retainer (p.27)

Typical Applications

Air Starter Fasteners

Prevents seizing and galling of all metals. Withstand temperatures up to 1600°F

Valve Covers, Oil Pan

Valve Connectors, Oil Pan Covers

Pipe, Water Jacket, Oil Galley Plugs, Oil Pressure & Temperature Sensors, Air Conditioning Fittings, Hydraulic Fittings, Vacuum Line Connectors

Starter Mounts, Alternator Mounts, Engine Mounting Bolts

Cup Plugs, Bushings, Oil Seals

Differentials

Product

Permatex® High Strength Threadlocker RED Gel (p.23)

Permatex® Ultra Grey® Gasket Maker (p.12), Anaerobic Gasket Maker (p.15) and the Right Stuff® Gasket Maker (p.11)

Permatex® High Temperature Thread Sealant (p.25)

Permatex® Medium Strength Threadlocker BLUE (p.22)

Permatex® High Temperature Sleeve Retainer (p.27)

Typical Applications

Cap Screws, Mounting Studs

Cover Housing Gaskets, Differential, Differential, Assembly to Rear Axle Housing, Power Dividers, Axle Shaft Flanges

Core Plugs, Drain Plugs

Axle Housing Bolts, Oil Seal Retainer Bolts, Axle Shaft Flange Bolts, Differential Drain Plugs

Ring Gear Bolts, Differential Lock Pins

Chassis

Product

Permatex® High Strength Threadlocker RED (p.23)

Permatex® Anti-Seize Lubricant (p.49)

Permatex® Pro-Strength Brake & Parts Cleaner (p.52)

Permatex® High Temperature Thread Sealant (p.25)

Permatex® Medium Strength Threadlocker BLUE (p.22)

Permatex® High Temperature Sleeve Retainer (p.27)

Typical Applications

Suspension Fasteners, Shock Absorber Mounts, Wheel Studs

Prevents seizing and galling of all metals. Withstands temperatures up to 1600°F

Quickly dissolves grease, dirt and oil from parts. Prepares mating surfaces for Permatex® products.

Air Brake Fitting

Fuel Tank Fasteners, Lug Nuts

Wheel Bearings, Idler Shafts, Press Fit Bushings

Bodies

Product

Permatex® High Strength Threadlocker RED (p.23)

Permatex® Super Weatherstrip Adhesive (p.39)

Permatex® Clear Silicone Adhesive Sealant (p.33)

Permatex® Super Glue Adhesive (p.29)

Permatex® Medium Strength Threadlocker BLUE (p.22)

Permatex® Fifth Wheel Lubricant (p.49)

Typical Applications

Exhaust System Mounts, Bumper Fasteners

Carpeting, Headliners, Molding Weatherstripping

Windshields

Emblems

Windshield Wiper Nuts, Lug Nuts, Gear Shift Knob, Door Hardware, Running Light Screws, Horn Mounting

All 5th Wheel Plates

Transmissions

Product

Permatex® High Temperature Sleeve Retainer (p.23)

Permatex® High Performance Thread Sealant (p.23)

Permatex® Medium Strength Threadlocker BLUE (p.20)

Permatex® Anaerobic Gasket Maker (p.13) and Permatex® the Right Stuff® Gasket Maker (p.9)

Typical Applications

Retaining Bushings, Cup Plugs, Gears, Dowel Pins, Oil Seals

Drain Plugs, All Tapered Fittings

Case Cover Bolts

Case Covers, Power Divider Shaft Housings, Input/Output Power Shafts, PTO Covers to Housing

Additional Information

▲ NFPA (National Fire Protection Association) Fire Code 30B

NFPA 30B is a standard that provides minimum requirements for the prevention and control of fires and explosions in facilities that manufacture, store and display aerosol products. Classification of aerosol products is based on their chemical or theoretical heats of combustion, and are designated as Level 1, Level 2 or Level 3 (with Level 3 being the most flammable). For storage purposes, cartons are marked with the appropriate level on at least one side of the package.

RE: Product offering change in Permatex Catalog 2011-2012 Edition

To Permatex® Customers,

While our current catalog depicts these products, please be advised that on March 1st, 2012, the ownership and operations of two well known ITW brands, No Touch® and NOS® were transitioned from Permatex® to ITW Global Brands (ITWGB).

Permatex **no longer** carries the NOS branded performance additives and No Touch appearance products.

- Orders for No Touch/NOS items should be placed with ITW Global Brands.

Along with this transition there are some changes in product offering. **The following is a list of items that ITWGB will continue to offer:**

No Touch® Appearance Products

Item #	Description
NT21-6	Original Tire Care 21 oz
NTBP15-6	Original Tire Care 18 oz
NTSW15-6	Seriously Wet™ 15 oz

NOS® Performance Additives

Item #	Description
12010	Octane Booster Racing Formula 12 oz
12003	Max Street™ Octane Booster 16 oz
12103	Fuel Injector Cleaner and Performance Enhancer 16 oz
12203	Complete Fuel System Cleaner 16 oz

For more information about these products, contact:

ITW Global Brands Customer Service
 Toll Free: 855-888-1990
 Local: 860-543-6900
 Toll Free Fax: 855-888-1991

For more information, visit www.itwgb.com

Thank you.
